What is the most recent edition of anesthesia by Jaffe? Anesthesiologist's Manual of Surgical Procedures 6th Edition is written by Richard A. Jaffe; Clifford Schmiesing; Brenda Golianu and published by Wolters Kluwer Health.

What is the strongest anesthetic for surgery? General anesthesia – This is the most powerful form of anesthesia and puts patients to sleep during surgery. It is typically administered through a breathing mask or IV and used for complex, time-consuming surgeries such as a hip replacement.

What is the most popular local anesthetic used in the United States today? Lidocaine is the most common local anesthetic, but doctors and anesthesiologists use different drugs for different purposes. Bupivacaine is more suitable for longer procedures, but it can be more painful than other drugs during administration.
