What is Golf R Line Edition? Well, Volkswagen has developed a range of trim items for the less performance-oriented models. R-Line specified models retains the smaller engines but benefit from items such as new front and rear bumpers, gloss black window surrounds and larger and more aggressive wheel options.

What is the difference between Golf 7 R line and GTI? The VW Golf GTI produces 241 horsepower and 273 pound-feet of torque with its 2.0-Liter turbo-charged engine. The VW Golf R produces 315 horsepower and 295 pound-feet of torque with special performance tuning. That might seem like a big difference, but both of these speedy VW compacts can move with authority.

What does the R stand for in Golf R line? Known for its power, performance, unique looks and signature exhaust note —the “R” in Golf R stands for the German word “rennen”, or “racing”—popularity of the Mk4 Golf R32 skyrocketed upon its initial release in Europe, and that enthusiasm that was matched by the U.S. after a made-for-America version was produced for ...

How much horsepower does the Golf 7 R line have? The Golf R similarly had its output increased from 221 kW (296 hp; 300 PS) to 228 kW (306 hp; 310 PS). In addition, the facelift increased infotainment screen size across the range, as well as adding the option for a fully digital dashboard.

Which is better, R-Line or R-Line Edition? Compared to the R Line Edition, the R Line is similar but has a few more features that make driving better and help the drivers stand out on the road. These extra features include 20-inch Misano Alloy wheels, bigger than the 19-inch Valencia Alloy wheels.

What is the R-Line package? In short, R-Line trim brings a subtle bodykit that makes a VW look more aggressive and implies it has the performance credentials of properly fast VWs – think bigger air intakes, larger diameter alloy wheels, subtle boot spoilers and side sill(the bodywork running under the doors) extensions.

Is Golf R line a turbo? PERFORMANCE: it comes with a 1.5 turbo charged petrol engine that provides 148BHP and 184.00 lbs/ft or torque. The 1.5 is by far the best engine option and combines both fuel economy and reliability.

Which is stronger, Golf R or GTI? In its most potent Power Pack form, the Mk7 GTI produces about 230hp and 258 lb-ft of torque, but the Golf R pushes those figures up to 292hp and 280 lb-ft.

Is Golf 7 GTI fast? How fast is a Golf GTI Turbo? The Mark VII (2015–2021) GTIs claimed a 0–60 in the high 5-low 6 seconds (manual) and high 4- to low 5 with the shift paddles, if I'm not mistaken. the quarter mile on the manual is cited to be in 14-second range at about 100 MPH.
