Renault Scenic: A Comprehensive Guide**

What is the Common Fault with the Renault Scenic?

Some common faults reported for the Renault Scenic include electrical issues, particularly with the electric window mechanisms, and problems with the air conditioning system.

Are Renault Scenic Cars Reliable?

The Renault Scenic has had mixed reliability ratings in recent years. According to J.D. Power, it has received below-average scores in terms of overall dependability and quality. However, individual experiences may vary, and some drivers report positive experiences with the Scenic.

Why is the Renault Scenic Discontinued?

Renault discontinued the Scenic in 2022 due to declining sales and the increasing popularity of SUVs. The company shifted its focus to the all-new Megane E-Tech, an electric crossover.

Where is Renault Scenic Made?

The Renault Scenic was manufactured in several locations, including Douai, France; Flins, France; and Palencia, Spain.

Why is Renault Not Popular in the US?

Renault has a limited presence in the US market due to several factors, including competition from American and Japanese automakers, as well as cultural

preferences towards SUVs and pickup trucks.

How Long Does a Renault Scenic Last?

With proper maintenance and care, a Renault Scenic can last up to 200,000 miles or more.

Does a Renault Scenic Have a Timing Belt or Chain?

Most Renault Scenic models use a timing belt, which needs to be replaced at regular intervals as per the manufacturer's recommended maintenance schedule.

Is Renault a Good Engine?

Renault engines have a decent reputation for reliability and performance. They are known for being fuel-efficient and generally durable.

Are Renault Still Making Grand Scenic?

Renault discontinued the Grand Scenic in 2023, along with the regular Scenic model.

Is Renault Grand Scenic an SUV?

The Renault Grand Scenic is not strictly an SUV. It is classified as an MPV (Multi-Purpose Vehicle), offering a spacious and versatile interior with seating for up to seven passengers.

Is Renault Scenic a Safe Car?

The Renault Scenic has earned a four-star safety rating from Euro NCAP. It comes with a range of standard safety features, including airbags, ABS brakes, and electronic stability control.

What is the Cost of Renault Scenic?

The cost of a used Renault Scenic varies depending on the model, year, and mileage. In general, you can expect to pay between £5,000 and £20,000 for a used Scenic.

Is the Renault Scenic a Good Car?

Whether the Renault Scenic is a good car depends on your individual needs and preferences. It offers a spacious interior, good fuel economy, and decent reliability. However, it may not be the most exciting or feature-packed option in its segment.

Is Renault a French or German Car?

Renault is a French automobile manufacturer, headquartered in Boulogne-Billancourt, France.

What is the Fuel Consumption of the Renault Grand Scenic?

The fuel consumption of the Renault Grand Scenic varies depending on the engine and transmission options. Diesel models typically offer better fuel economy, while automatic transmissions tend to consume more fuel than manual transmissions. On average, you can expect the Grand Scenic to consume between 45-50 mpg on combined driving.

What are Renault Called Now?

Renault, as a company, is still called Renault. However, its new models have adopted the new "Renaulution" branding, which includes a redesigned logo and a focus on electric and hybrid vehicles.

What is the Problem with Renault?

Renault has faced some criticism for reliability issues in certain models. Electrical problems, particularly with the air conditioning system and electric window mechanisms, have been cited as common concerns.

Are Renault a Good Brand?

Renault is a well-established brand with a long history of producing affordable and reliable cars. However, recent reliability issues have somewhat tarnished its reputation.

When Should I Replace My Timing Belt on My Renault Grand Scenic?

The timing belt on a Renault Grand Scenic should be replaced according to the manufacturer's recommended maintenance schedule. This typically ranges from

60,000 to 120,000 miles or every 5-7 years, depending on the model and engine.

How Often Does a Renault Scenic Need Servicing?

A Renault Scenic typically requires servicing every 12 months or 12,500 miles, whichever comes first. Regular servicing includes oil changes, fluid checks, and inspections.

Can You Sleep in a Renault Grand Scenic?

The Renault Grand Scenic has a relatively spacious interior, making it suitable for sleeping if converted into a campervan. However, it is not specifically designed for sleeping, and you may need to use additional equipment to create a comfortable bed.

What Causes a Renault Scenic Not to Start?

Common causes of a Renault Scenic not starting include a flat battery, a faulty starter motor, or problems with the ignition system.

What is the Engine Failure Warning on a Renault?

The engine failure warning on a Renault is typically indicated by a red or amber light on the dashboard. It can be triggered by a variety of issues, including low oil pressure, coolant leaks, or electrical problems.

Do Renaults Have Electrical Problems?

Renault has been known to have some electrical problems in certain models. Issues with the air conditioning system, electric window mechanisms, and battery drain have been reported.

Does a Renault Scenic Have a Timing Belt or Chain?

Most Renault Scenic models use a timing belt, which needs to be replaced at regular intervals.
