The International Law Commission 1999-2009: Volume IV—Treaties (Final Draft Articles and Other Materials)

Edited by Arnold Pronto, February 2011

Q1: What is the International Law Commission (ILC)? A1: The ILC is a body of legal experts established by the United Nations to promote the progressive development of international law and its codification.

Q2: What is the purpose of Volume IV of the ILC's report on treaties (1999-2009)? A2: Volume IV contains the Final Draft Articles on Treaties, adopted by the ILC in 2009 after a decade-long study. It also includes preparatory documents, commentaries, and other materials related to the draft articles.

Q3: What are the key provisions of the Final Draft Articles on Treaties? A3: The Final Draft Articles cover various aspects of treaty law, including the definition of a treaty, the principles governing treaty formation, the effects of treaties, and the grounds for invalidity, termination, and suspension of treaties.

Q4: Why is the work of the ILC on treaties significant? A4: Treaties play a crucial role in international relations and the codification of treaty law provides a framework for the orderly and consistent formation and interpretation of treaties. The Final Draft Articles represent a major contribution to international law by clarifying and updating the rules governing treaties.

Q5: How can I access the Final Draft Articles and other materials in Volume IV?

A5: Volume IV of the ILC's report on treaties (1999-2009) is available online through the United Nations website and various legal databases.

The Introvert and Extrovert in Love: Making It Work When Opposites Attract

Introduction

Love often knows no boundaries, even when it brings together two seemingly different individuals: the introvert and the extrovert. While their personalities may contrast, their love can flourish with understanding, compromise, and open communication.

Paragraph 1: Understanding the Differences

Introverts value peace, solitude, and time alone to recharge. They tend to be more reserved and introspective. Extroverts, on the other hand, crave socialization, stimulation, and interacting with others. They are often more outgoing and

expressive. These fundamental differences can impact their approach to love and relationships.

Paragraph 2: Communication Challenges

Communication can be a challenge when an introvert and extrovert are in love. Introverts may prefer deeper conversations and need time to process their thoughts before sharing them. Extroverts, on the other hand, tend to be more impulsive and may struggle to understand the introverts' need for quiet time. Open and honest communication is crucial for overcoming these challenges.

Paragraph 3: Balancing Needs

Compromise is essential for maintaining balance in an introvert-extrovert relationship. Introverts need sufficient downtime and solitude, while extroverts crave social interaction and stimulation. Finding activities that cater to both their needs, such as quiet dinners or social events with a small group, can foster harmony.

Paragraph 4: Emotional Expression

Emotional expression can also differ between introverts and extroverts. Introverts may express their feelings more subtly and may need time to reflect before sharing their emotions. Extroverts, on the other hand, are more likely to express their feelings openly and may expect the same from their introverted partner. Patience and understanding are key to bridging this gap.

Paragraph 5: Compatibility and Longevity

Some may question the compatibility of an introvert and extrovert. However, with effort, understanding, and a willingness to compromise, these differences can create a dynamic and fulfilling relationship. By valuing each other's individuality and adjusting to each other's needs, the introvert and extrovert can navigate their unique challenges and build a lasting connection.

The Iceman: True Story of a Cold-Blooded Killer Anthony Bruno

Who was Anthony Bruno?

Anthony Bruno, also known as "The Iceman," was a notorious hitman who operated in the 1960s and 1970s. Born in 1930, Bruno grew up in a violent home and was exposed to criminal activity from an early age. He served in the Air Force during the Korean War and later became involved in organized crime.

How did he become a hitman?

Bruno began his career as a hitman for the DeCavalcante crime family in New Jersey. He quickly gained a reputation for his cold-blooded efficiency and lack of remorse. He reportedly killed over 20 people, often using an icepick as his weapon of choice. Bruno's victims included mobsters, informants, and anyone who crossed the path of the family.

Why was he known as "The Iceman"?

Bruno received the nickname "The Iceman" due to his emotionless demeanor. He was said to be able to kill without flinching and would often freeze his victims' bodies to prevent decomposition. This chilling method of disposing of his victims earned him his infamous moniker.

How was he caught?

Bruno was finally apprehended in 1981 after his former mistress, Deborah Peagler, turned him in to the authorities. Peagler had witnessed Bruno's violent behavior firsthand and feared for her own safety. Bruno initially denied the charges but later confessed to his crimes in a plea deal that spared him the death penalty.

Aftermath:

Anthony Bruno was sentenced to life in prison without parole. He died in 2008 at the age of 78 while still incarcerated. His story has been the subject of numerous books, films, and documentaries, capturing the public's fascination with the enigma of a cold-blooded killer and the inner workings of organized crime.
