What is the atlas of Indian history? This coloured atlas provides detailed information on various aspects of ancient India-society, economy, polity. Individual maps pertaining to distinct historical periods explore the kingdoms and dynasties, geopolitical orbits, cropping and vegetation patterns, minerals, industries and other economic activities.

What type of historical source is an atlas? Answer and Explanation: An atlas can be a primary source or secondary source. An atlas is a primary source when the original map, such as that drawn by an explorer, is used. An atlas is a secondary source when information is collected from numerous sources.

What is the myth behind the atlas? In Greek mythology, the Titan Atlas was responsible for bearing the weight of the heavens on his shoulders, a burden given to him as punishment by Zeus. Father of many stars and a protagonist in one of Hercules' famous labours, Atlas was also known as a wise man and the founder of astronomy.

What is an atlas and why is it important? An atlas is a book or collection of maps. Many atlases also contain facts and history about certain places. There are many kinds of specialized atlases, such as road atlases and historical atlases. There are also star atlases, which give the location and placement of stars, planets and other celestial objects.

What is the meaning of historical atlas? A historical atlas is a collection of maps and possibly illustrations that depict the historical geography of a particular region at a defined time period.

How does an atlas look like? In addition to maps and charts, atlases often contain pictures, tabular data, facts about areas, and indexes of place-names keyed to coordinates of latitude and longitude or to a locational grid with numbers and letters along the sides of maps.

What information does a atlas have? An atlas is a bound collection of maps, charts, plates, or tables illustrating a subject. In addition to being about geography they can illustrate any number of subjects, from anatomy or botany to history or zoology.

What is the atlas of India? Book overview Situated on the Asian continent, India has a beautiful geographical location. 'Atlas of India' is a book that provides information on all the States and Union Territories of India with the latest up-to-date maps and data.

What is the significance of the atlas? In Greek mythology, Atlas is the famous Titan who led the rebellion against Zeus in the Titanomachy. When the Titans were defeated, Zeus punished Atlas by condemning him to carry the heavens upon his shoulders for eternity.

What is the history behind atlas? Atlas was a leader of the Titanes (Titans) in their war against Zeus and after their defeat he was condemned to carry the heavens upon his shoulders. According to others he was instead (or later) appointed guardian of the pillars which held the earth and sky asunder.

What is the story of atlas short? Atlas and his brother Menoetius sided with the Titans in their war against the Olympians, the Titanomachy. When the Titans were defeated, many of them (including Menoetius) were confined to Tartarus, but Zeus condemned Atlas to stand at the western edge of the earth and hold up the sky on his shoulders.
