What is the summary of the book Once Upon a Country? "Once Upon a Country" is a deeply admirable book by a deeply admirable man. It is largely a political memoir, about a reluctantly political Palestinian trying to bring politics to his people, as the forces of occupation, religion and terrorism interfere with the very possibility of politics.

What does the narrator decide to do once she was relieved to see that there was no intruder in Once Upon a Time? Unable to fall back asleep, the narrator resolves to tell herself a bedtime story. Her story begins with a man and a woman who are happily married.

What is the message of the story once upon a time? The woman can't get back to sleep and imagines her own bedtime story -- a dark, somber, violent tale about humankind's ability to self-destruct through fear. In fact, the theme of "Once Upon a Time" is about the devastating consequences that can result when one overreacts to fear or perceived danger.
