The Duke Knight Miscellany: An Interview with Gaelen Foley

The Duke Knight Miscellany is a student-run publication that publishes creative writing, interviews, and essays. In a recent interview, Gaelen Foley, the editor-in-chief of the Miscellany, shared her insights on the magazine and its mission.

Q: What is the Duke Knight Miscellany all about?

A: The Miscellany is a literary and arts magazine that publishes the creative work of Duke University undergraduates. The focus is to share the diverse perspectives and talents of the student body.

Q: What kind of content can readers expect to find in the Miscellany?

A: The Miscellany publishes various literary forms, including fiction, poetry, non-fiction essays, and creative nonfiction. The magazine also features interviews with notable Duke faculty and alumni.

Q: How does the Miscellany support student writers?

A: The Miscellany provides a platform for students to showcase their work and receive constructive criticism from their peers. The magazine also hosts workshops and readings to help students develop their writing skills.

Q: What are some of the challenges that the Miscellany faces?

A: The biggest challenge is funding. The Miscellany relies on grants and donations to cover production costs. Additionally, the magazine is constantly seeking new and engaging content to publish.

Q: What is the future of the Miscellany?

A: The Miscellany plans to continue publishing high-quality literary work and foster a community of student writers. The magazine is also exploring new ways to engage with the Duke community, such as through online events and partnerships with literary organizations.

When Technology Fails: A Guide to Self-Reliance and Surviving the Long Emergency

In an increasingly tech-driven world, it's crucial to have strategies in place for when technology fails. "When Technology Fails: A Manual for Self-Reliance, Sustainability, and Surviving the Long Emergency, 2nd Edition" provides a comprehensive blueprint for self-sufficiency in the face of unforeseen events.

Q: What is the "Long Emergency"? **A:** The Long Emergency is a term coined by author James Kunstler to describe a prolonged global crisis brought on by environmental degradation, resource depletion, and energy shortages. The book outlines practical measures for coping with these challenges.

Q: How can I become self-reliant in case of a technology outage? **A:** The book emphasizes the importance of developing skills in areas such as:

- Food production and preservation
- Water purification and sanitation
- Shelter and housing maintenance
- First aid and medical knowledge
- Bartering and communication

Q: What are some essential supplies to have on hand? **A:** "When Technology Fails" recommends stocking up on non-perishable foods, water, medical supplies, tools, and clothing. It also stresses the need for a renewable energy source, such as

solar panels or a wood-burning stove.

Q: How can I prepare for the psychological challenges of a societal collapse?

A: The book acknowledges the potential for social unrest and psychological distress in such situations. It offers strategies for building community and maintaining mental well-being, including:

- Developing resilience through mindfulness and self-reliance
- Establishing connections with like-minded individuals
- Finding purpose and meaning in the midst of adversity

Q: What is the overall message of "When Technology Fails"?

A: "When Technology Fails" is not a doomsday prediction but rather a practical guide for preparing for the unexpected. It empowers individuals to take control of their lives and become more resilient in the face of adversity. The book emphasizes the importance of self-sufficiency, sustainability, and the power of community.
