SOLUTION MANUAL FOR SLOTINE NONLINEAR

### **1. Why is Reverend Parris so concerned about the girls' behavior?**

- Reverend Parris fears that the girls' strange behavior will damage his reputation and the church's authority. He is particularly worried about the accusations of witchcraft, as they could lead to a witch hunt.

### **2. What is the significance of Abigail Williams's accusation against Tituba?**

- Abigail's accusation against Tituba marks the beginning of the witch hunt in Salem. Tituba is an outsider and a slave, making her an easy target for accusations. Abigail's motive for accusing Tituba is likely jealousy over her relationship with John Proctor.

### **3. How does John Proctor react to the accusations of witchcraft?**

- John Proctor initially dismisses the accusations as nonsense. However, as the witch hunt intensifies, he becomes increasingly skeptical of Abigail's motives and the court's proceedings. He challenges the court's authority and tries to expose the girls' falsehoods.

### **4. What are the underlying social tensions that contribute to the witch hunt in Salem?**

- The witch hunt in Salem is fueled by a combination of factors, including religious fervor, social hierarchy, and personal grudges. The town is deeply religious, and many people believe that witchcraft is a real and present danger. There are also tensions between the established Puritan families and newcomers to the town.

### **5. How does the court's use of spectral evidence lead to mass hysteria?**

- The court's reliance on spectral evidence, or the testimony of individuals who claim to have seen ghosts or spirits, creates a climate of fear and hysteria. The girls' accusations against various townspeople become self-perpetuating, as those accused are forced to name others in order to save themselves. The court's willingness to accept spectral evidence legitimizes the witch hunt and allows it to spiral out of control.

**Is Poldark series 5 true to the books?** MASTERPIECE Poldark Season 5 was not so much off-book from Winston Graham's source material, as between Book 7, The Angry Tide, and Book 8, The Stranger from the Sea.

**How many Poldark books did Winston Graham write?** Winston Graham Poldark Series 12 Books Collection Set by Winston Graham.

**Are the Poldark novels any good?** The book started off slow for me, but once I got into the story I loved it and couldn't wait to read the other books in the series. I ended up reading every single book in The Poldark Saga and highly recommend it to all that enjoy reading historical fiction.

**In what order should I read the Poldark books?**

**Why did Poldark end so abruptly?** Why Poldark Ended So Abruptly After Season 5. The novel series offered a lot more stories to tell, and yet Poldark season 5 ended the show on such an abrupt note. Like many shows, the creators wanted Poldark to go out on a high note (via Distractify) but the result was a non-ending that concluded season 5.

**Does Poldark really love Demelza?** The ten pages to conclude it document Ross and Demelza's reconciliation after the fall out from his marital misdemeanour with Elizabeth Poldark. Demelza was declared by Ross as his one "true and real love".

**What happens to Valentine Warleggan in the Poldark books?** Valentine Warleggan He does eventually ask Ross if he is his father, but gets no direct answer from him. However, Valentine is clever enough to deduce some things, but things continue as before. He ultimately dies in a fire trying to save his gorilla companion.

**Is Poldark based on a true story?** Spoiler alert - Ross Poldark is not a real person, at least the story is not based on a true story of someone names Ross Poldark. The series is fictional. However, Poldark is a real Cornish name, and the tales the series tell are loosely based on actual events.

**Who does Ross Poldark end up with?** Demelza Poldark (née Carne) is the daughter of Tom Carne and Demelza Carne. Demelza is Mistress of Nampara and the wife of Ross Poldark. She and Ross had five children, the late Julia Poldark,

Jeremy, Clowance, Isabella-Rose and Henry Poldark.

**Has the Poldark series ended?** "It was emotional..." Aidan Turner and the cast and crew of Poldark reminisce about saying farewell to the series.

**Why was Poldark season 6 cancelled?** The BBC has not given an official reason why the series won't be returning, but some of its stars have weighed in on the ending. According to star Aidan Turner, it was always planned there would only be five seasons.

**How many books did the original Poldark series cover?** Written by Winston Graham between 1945 and 2002, the twelve novels proved absolutely perfect for television, and two BBC series - the first starring Robin Ellis and Angharad Rees in the 1970s and the second, which premiered in 2015, starring Aidan Turner and Eleanor Tomlinson - were enormous successes.

**Is Demelza a redhead in the books?** "I dye it for Poldark but I think I'm going to keep it because I like it", she says. "In the books she's described as olive skinned and very dark, so, yes, that's not really me", says Tomlinson, who fought hard to make Demelza, the upwardly-mobile former housemaid, a redhead.

**How did the Poldark books end?** Whereas Poldark season five ended in 1799, the book series continues right up until 1820, when Ross is 60 years old. In the final Poldark book, Bella Poldark, three of Ross and Demelza's living children are married and living happily.

**How old is Demelza in the books?** In the books, Demelza was 13 when Ross first met her. Poldark readers were taken aback since Demelza on the show didn't look 13, as canonically Ross is 10 years her senior. In the books, they had a father-daughter dynamic until Demelza turned 17, four years after Ross took her as a helper.

**Does Ross sleep with Tess?** Lying to his wife Demelza in an attempt to protect her, he faked an affair with the villain of the series, Tess Tregidden, who was also working with the French. A devastated Demelza fled to Dr Enys and Caroline's house, where she learns the truth that Ross is just pretending to have an affair to gain Tess's trust.

**Why does Demelza sleep with HUGH?** Demelza was very taken by the proposal, and she slept with him. Demelza wanted to keep the truth from Ross, but being in love with her, Hugh offered her the chance to run away with him.

**Does Demelza know Ross slept with Elizabeth?** We know things are turbulent when Ross puts his foot down. Demelza, who has stopped making pies, tears a strip off him for his adultery with Elizabeth and makes him sleep on a spare bed in the library. "Please see it from my perspective," Ross says to Demelza.

**Why did Poldark marry Demelza?** They're all hypocrites, he thinks. And here's this girl who loves him. So for Ross, marrying Demelza is a sort of in-your-face challenge to his own class. While for Demelza, seducing Ross is a way of escaping the respectable Methodism of her father.

**Is Demelza unfaithful to Ross?** In other words he had complete faith in her. So the story line that sees Demelza be unfaithful to Ross, both in thought and deed, is one that saw Ross rocked to the core with despair at her infidelity.

**Does Poldark stop loving Elizabeth?** Ross fell in love with Demelza less than a year into their marriage, but feelings for Elizabeth would persevere sometimes. Ross was never very open with his feelings so that may be why some believe he never stopped loving Elizabeth but in my mind it's clear. The love he felt for both women was of a very different kind.

**Why is season 5 of Poldark so different?** However, season five was not based on a book, but instead, it explored an original story based between the seventh (The Angry Tide) and eighth (The Stranger from the Sea) books. This was due to the gap of 10 years the author left between the two books.

**Does Poldark TV series follow the books?** His qualities are all laid out in Graham's novels, to which Debbie Horsfield's pacy adaptation is remarkably faithful.

**Does Demelza have red hair in the books?** A minor surprise-- but not actually due to Graham-- is that Demelza, in the books, is dark-haired and dark-eyed. (Left, a 1953 edition, and an unmistakeably 1950s Demelza, on Biblio). Yet both TV series, mysteriously, chose to show her with bright red hair.

**Do the Poldark books go further than the series?** Whereas Poldark season five ended in 1799, the book series continues right up until 1820, when Ross is 60 years old. In the final Poldark book, Bella Poldark, three of Ross and Demelza's living children are married and living happily.
