

# Biotechnology mcq for entrance exam

## Download Complete File

**Which entrance exam is best for Biotechnology?** Candidates must have completed their 10+2 to be eligible for BSc Biotechnology Admissions. CUET, KITEEE, KCET, etc, are some of the most popular entrance exams to seek BSc Biotechnology Admission. Students must note that DU BSc Biotechnology Admission 2024 will be entirely done on the basis of CUET results.

**Who is the father of Biotechnology Mcq?** The term 'Biotechnology' was coined in the year 1919 by an agricultural engineer Karoly Ereky, hence he is called as the father of Biotechnology. Q. 12.

**Is a product of Biotechnology MCQ?** Answer: The Correct Answer is Vaccine. Vaccines are a biotechnological product.

**What is genetic engineering Mcq?** Genetic engineering is the process of artificial manipulation, modification and recombination of DNA or other nucleic acid molecules to alter the genetic makeup of an organism.

**Which country is best for biotechnology?**

**Is biotechnology hard?** Bio technology course is a highly complex discipline that demands intelligence, inventiveness, and, perhaps most importantly, patience and tenacity. You must stay current and actively seek opportunities to obtain hands-on experience and instruction.

**Who is the world leader in biotechnology?** The U.S. remains the leading country in biotech.

**Who is the real father of biotechnology?** Károly Ereky (German: Karl Ereky; 20 October 1878 – 17 June 1952) was a Hungarian agricultural engineer. The term

'biotechnology' was coined by him in 1919. He is regarded by some as the "father" of biotechnology.

**Who was the first biotechnologist?** Biotechnology: What Does it Mean? The term biotechnology was used for the first time by Karl Erkey, a Hungarian Engineer, in 1919.

**What are 3 biotechnology products?**

**Is DNA probe a biotechnology product?** DNA probes are among the exciting first fruits of the new biotechnology.

**What is red biotechnology?** Types of biotechnology Red biotechnology involves medical processes, such as using organisms to produce new drugs and stem cells to regenerate damaged human tissues and grow and regrow entire organs. White or gray refers to industrial processes, such as the development of new chemicals or new biofuels for vehicles.

**What is genetic engineering also called as \_\_\_\_\_?** Genetic engineering (also called genetic modification) is a process that uses laboratory-based technologies to alter the DNA makeup of an organism. This may involve changing a single base pair (A-T or C-G), deleting a region of DNA or adding a new segment of DNA.

**What is the father of genetic engineering?** Paul Berg (1926–2023) Father of genetic engineering.

**What is the genetic information carried by Mcq?** Long-chain molecules of nucleic acid (DNA) made up of nucleotides carry genetic information.

**Which subject is best for biotechnology?** Many institutions and universities only allow students who have studied Physics, Chemistry, and Biology (PCB), and Physics, Chemistry, Mathematics, and Biology (PCMB) for admission in Biotechnology courses. However, many also permit students who've studied Physics, Chemistry, and Mathematics as 10+2 subjects.

**Which field is best in biotechnology?**

**Which branch is best for biotechnology?** There are varied branches of Biotechnology filled with immense career scope and amongst these, Bioinformatics and Computational Biology are the most sought-after fields of Biotechnology.

**Where is it best to study biotechnology?**
