Reproduksi melalui gamet yang tidak dibuahi (partenogenesis) juga ditemukan di antara gastropoda dari subkelas Prosobranchia. Namun sebagian besar reproduksi dilakukan melalui cara seksual.

**Sebutkan lima hewan pada moluska?** Mollusca adalah kelompok hewan yang meliputi gastropoda (siput, siput, keong dll), bivalvia (kerang, tiram, remis dll), cephalopoda (gurita, nautilus, cumi-cumi dll), scaphopods (cangkang gading), caudofoveates, solenogastres, monoplacophorans dan poliplakofora (kiton).

**Can a child's IQ improve?** Studies show that being read to early on can actually boost IQ by 6-8 points later in childhood. By exposing kids to books, stories, and language through interactive reading sessions, we help build their vocabulary, comprehension, and critical thinking skills right from the start.

**Is 128 IQ gifted?** 85 to 114: Average intelligence. 115 to 129: Above average or bright. 130 to 144: Moderately gifted. 145 to 159: Highly gifted.

**What is 111 on IQ test?** An IQ of 111 is at the 77th percentile. Many psychologists consider this to be the lowest score that falls within the “High Average” range. 90–110 is usually considered to be Average.

**Who has the highest IQ in the world?**

**Is 93 IQ good?** For example, on The Wechsler Adult Intelligence Scale and the Stanford-Binet test, scores that fall between 90 and 109 are considered average IQ scores. On these same tests, scores that fall between 110 and 119 are considered high average IQ scores. Scores between 80 and 89 are classified as low average.

**What questions come up in an IQ test?** In a classic IQ test you will generally find questions related to numerical reasoning, logical reasoning, verbal intelligence and spatial intelligence. An IQ test that primarily measures abstract reasoning, either inductive or deductive, will often be a non-verbal IQ test.

**Can I prepare my child for an IQ test?** It's best not to get into a discussion with the proctor about your preparation methods before the exam is administered. Kids love to play video games on laptops or iPads, so you can feel confident letting your child practice as much as he or she likes using the interactive questions we offer online in Digital Tutor.
