**Who won the most Grammy in one day?** Ultimately, Michael won eight GRAMMY Awards—still the most ever received by a single artist in one night.

**Is Bonnie Raitt religious?** I grew up in Los Angeles in a Quaker family, and for me being Quaker was a political calling rather than a religious one.

**Did Bonnie Raitt graduate from Radcliffe?** Raised in Los Angeles by Quaker parents who were active in music and liberal politics (her father was Broadway musical star John Raitt), Raitt attended Radcliffe College, Cambridge, Massachusetts, from 1967 to 1969 but dropped out to join the East Coast blues and folk music scene.

**Was Bonnie Raitt ill?** The statement explains that she had to postpone five of her tour dates: "Bonnie has a medical situation that requires surgery to address. The doctors say that in order for her to heal properly, they recommend she not perform for a couple of weeks." It continues, "Thankfully, Bonnie's in great hands."

#### **Q&A: Unraveling the Differences Between STIHL Power Tools**

**Q: What distinguishes the STIHL MS 171, MS 181, and MS 211 chainsaws?**

A: These chainsaws share a lightweight design, making them ideal for occasional homeowners and DIY enthusiasts. The MS 171 is the lightest, followed by the MS 181 and MS 211. The MS 181 features a larger engine for increased power, while the MS 211 has the highest power-to-weight ratio and a decompressor for easier starting.

**Q: How do the STIHL HS 75, 80, and 85 hedge trimmers compare?**

A: These hedge trimmers are designed for shaping and trimming hedges. The HS 75 is the lightest, with a 23-inch blade length. The HS 80 and HS 85 have longer blade lengths of 25.5 inches and 28 inches, respectively. The HS 85 offers additional features such as a double-sided blade for precise cuts.

**Q: What's the difference between the STIHL HT 101 and HT 101 C hedge trimmers?**

A: The STIHL HT 101 and HT 101 C are both long-reach hedge trimmers with adjustable handles. The HT 101 has a 27-inch blade length, while the HT 101 C features a 32-inch blade length. The main difference lies in their power sources: the

HT 101 runs on gas, while the HT 101 C utilizes a corded electric motor.

**Q: How do the STIHL MS 170 and MS 170 C chainsaws compare?**

A: The STIHL MS 170 and MS 170 C chainsaws are ideal for occasional homeowners and light tree trimming. Both have a 14-inch blade length, but the MS 170 C uses a corded electric motor for quiet operation. The MS 170, on the other hand, runs on gas and provides more power.

**Q: What's the key feature that sets the STIHL MS 211 C-BE apart from other models?**

A: The STIHL MS 211 C-BE chainsaw is renowned for its ErgoStart system. This innovative feature significantly reduces the effort required to start the saw, making it easier and more comfortable to use. Additionally, the MS 211 C-BE features an anti-vibration system for reduced operator fatigue.

**What questions are asked in technical aptitude test?** These tests usually consist of numerical, verbal, abstract, and logical reasoning questions. To improve your skills in these areas and practise test-like questions, visit our cognitive ability prep guide.
