**What is the hot to cold exhibition?** The exhibition, HOT TO COLD: an odyssey of architectural adaptation, takes visitors from the hottest to the coldest parts of our planet and explores how BIG's design solutions are shaped by their cultural and climatic contexts.

**What is the hot cold belief?** Temperament or "hot and cold" theory is a common fundamental concept in folk and traditional medicines practiced worldwide which describes the individual differences in a spectrum along a so-called hotness-coldness axis.

**What is the hot cold method of attraction?** When someone is 'hot and cold' in flirting, it means they are inconsistent in their behavior towards you. One moment they might be very attentive, showing a lot of interest and affection, and the next they might be distant and unresponsive. This can be very confusing as it's hard to know where you stand with them.

**What is the psychology of hot and cold?** At its core, hot and cold behaviour is an attempt to gain and retain control over the uncontrollable, love. It is a way to get to feel love but without getting hurt. You cannot get hurt if you never fully invest or you keep someone at arm's length and to communicate to the other to not expect too much from you.

**What is the hot-cold empathy theory?** The empathy gap is often referred to as the hot-cold empathy gap because our mispredictions often have to do with being in either a 'cold' visceral state (a rational and logical mental state) and underestimating how our emotions will impact us when we are in a 'hot' visceral state (when we are
