What is the basic of journalism? Journalism is the practice of gathering, recording, verifying, and reporting on information of public importance. Though these general duties have been historically consistent, the particulars of the journalistic process have evolved as the ways information is collected, disseminated, and consumed have changed.

What is the basic rule of journalism? "Truth", "accuracy", and "objectivity" are cornerstones of journalism ethics. Journalists are encouraged to maintain a degree of detachment from the religions, groups, or countries they are associated with, in order to minimize potential biases in their reporting.

What is the basic element of journalism? Journalism's first obligation is to the truth; Journalism's first loyalty is to citizens; The essence of journalism is a discipline of verification; Journalists must maintain an independence from those they cover; Journalists must serve as independent monitors of power; Journalism must provide a forum for public ...

What is the question lead of journalism? A question lead begins a story by asking a question. Some journalism classes and textbooks endorse using question leads, but they're problematic for new writers. For one thing, a person reads a story to learn

something, not to be quizzed on the topic. Second, a question lead is a lazy way to introduce a story.
