## Unequal Relations: An Introduction to Race, Ethnic, and Aboriginal Dynamics in Canada (7th Edition)

### Introduction

"Unequal Relations" is a comprehensive textbook that examines the complex interplay of race, ethnicity, and Aboriginal relations in Canada. It provides a historical overview, empirical data, and critical analyses of the social, economic, and political inequalities faced by marginalized groups in Canadian society.

### Key Concepts

- **Race:** A socially constructed category that assigns individuals to groups based on perceived physical characteristics.
- **Ethnicity:** A sense of belonging to a group based on shared cultural, linguistic, or religious heritage.
- **Aboriginality:** The identity and rights of Indigenous peoples in Canada, rooted in their historical and cultural connections to the land.
- **Systemic Racism:** Institutional and societal practices that perpetuate racial inequalities, even if not explicitly intended to do so.

### Historical Context

---

Canada's history is marked by colonialism, imperialism, and the forced displacement of Indigenous peoples. These policies have shaped the experiences of marginalized groups, contributing to ongoing inequalities in areas such as education, employment, and healthcare.

## **Contemporary Issues**

Unequal Relations analyzes current issues facing racialized, ethnic, and Aboriginal communities in Canada. It examines topics such as racial profiling, police violence, the overrepresentation of Indigenous people in the justice system, and the ongoing struggle for land rights and self-determination.

## **Critical Perspectives**

The text presents a range of critical perspectives on race, ethnicity, and Aboriginal relations. It draws on theories from sociology, anthropology, history, and cultural studies to challenge dominant narratives and promote social justice.

## **Questions and Answers**

### **1. What is the difference between race and ethnicity?**

- Race is a socially constructed category based on physical characteristics, while ethnicity is a sense of belonging to a cultural group.

### **2. How has colonialism shaped race relations in Canada?**

- Colonialism imposed European values and practices on Indigenous peoples, dispossessing them of their lands and suppressing their cultures.

### **3. What are the key challenges facing racialized, ethnic, and Aboriginal communities today?**

- These include racial profiling, police violence, economic inequality, and systemic racism in institutions.

**4. What are some of the critical perspectives on race, ethnicity, and Aboriginal relations?**

- These include critical race theory, indigeneity studies, and postcolonialism.

**5. What are the implications of unequal relations for Canadian society?**

- Unequal relations create divisions, undermine social cohesion, and limit the potential of all Canadians.

**What can you cook on a Cuisinart griddler?** Use the Griddler® as a Full Grill to cook burgers, steak, poultry (we do not recommend cooking bone-in chicken, since it does not cook evenly on a Full Grill), fish and vegetables.

**What is the difference between grill and griddle Cuisinart?** The griddle is the flat side of the plates and the grill Panini is the side with the raised lines. The grill/Panini setting is meant to mimic an outside grill as if there is a fire under the food.

**What is a Cuisinart griddler used for?** With five separate cooking options, the Cuisinart® Griddler® can handle everything from pancakes and sausages to grilled cheese to steaks, hamburgers, and panini. A floating cover and one set of reversible plates turn the Griddler.

**How do you use the Cuisinart Griddler Deluxe?**

**Can you cook eggs on a Cuisinart Griddler?** Use the Griddler® Five as a Full Griddle to cook pancakes, eggs, French toast, hash browns and breakfast meats.

**Is a griddle better than a grill?** If you're mainly looking for a way to cook up picture perfect steaks and chops, a grill is the way to go. But a griddle is the superior option if you'd like a cooking tool that can open up a more comprehensive range of recipes.

**Can a griddle replace a grill?** A griddle can (mostly) replace a grill. I quickly realized that more things can be cooked on a griddle than on a grill, since there are things you should never cook on a grill.

**Are griddle grills healthy?** Cooking on a griddle is generally healthier than grilling. Griddles allow excess grease and fat to cook off foods rather than dripping onto an

open flame like with grilling. Griddle cooking avoids the charring that can produce harmful compounds when fat drips onto the fire.

**Why use a griddle instead of a pan?** A griddle pan is a flat, wide pan that has slightly sloped edges, which allows for a greater surface area and even heat distribution than a skillet or saucepan. These shallow sides also make it easier to flip griddled food and—crucially—prevent batter or melted bacon grease from dripping off.

**Can you cook steak on Cuisinart griddler?** Preheat Cuisinart™ Griddler in the open grill (400°F) Setting. When hot, arrange the flank steak on the grill. Grill for 6 to 10 minutes per side, moving the steak only to turn, until steak is done to personal preference.

**Does the Cuisinart Griddler have waffle plates?** The waffle plates can be stored in the Griddler™ or Griddler Gourmet™ or in a drawer or cabinet when not in use. NOTE: The Cuisinart™ Griddler™ Waffle Plates are designed to fit the Griddler™ and Griddler Gourmet™ models only.

**Do I need to season my Cuisinart griddle?** Seasoning your griddle will help create a non-stick surface for cooking while also protecting from any rust. It's worth the effort.

**How to cook hot dogs on a Cuisinart Griddler?** Once preheated (about 10 minutes), place the hot dogs on the rollers. When the hot dogs have been cooking for about 8 to 12 minutes, place the hot dog buns on the griddle cut side down and toast, about 2 to 3 minutes per side.

**How long do you cook waffles on a Cuisinart Griddler?** Medium-brown waffles, can be achieved by baking in between 3½ and 5 minutes. These are approximate times that may vary depending on the recipe ingredients used. Note: During operation, the green indicator light inside the Griddle dial will continue to turn on and off as the thermostat regulates the temperature.

**How do you cook sausage on a Cuisinart Griddler?** This is a great, quick way to cook sausages for sausage biscuits or other breakfast sandwiches. To cook the sausages on the open griddle, preheat the Griddler to 375°F. Using the open griddle

position, cook the sausages for 12 to 15 minutes total, turning once after 6 minutes.

**Can you cook steak on a Cuisinart Griddler?** Preheat Cuisinart™ Griddler in the open grill (400°F) Setting. When hot, arrange the flank steak on the grill. Grill for 6 to 10 minutes per side, moving the steak only to turn, until steak is done to personal preference.

**Can you cook bacon on a Cuisinart Griddler?** Set the Cuisinart® Griddler® Compact between Medium and High and preheat. Cook until bacon is completely cooked through, about 4 to 5 minutes per side. Remove and reserve on paper towels to drain. Carefully wipe any excess grease from the griddle and turn heat down to Medium.

**What can you use a Cuisinart food processor for?** A food processor's blades are ridged, razor-sharp and probably one of its most important features. Blades can chop raw and cooked fruits, vegetables, nuts, meat, fish and cheese to the exact consistency you want—from coarse to fine, even to a purée.

**How do you cook frozen burgers on a Cuisinart Griddler?** Place the burgers on the bottom grill plate of the Griddler™ evenly spaced. Close the Griddler™ and grill for 4 to 6 minutes (until the internal temperature reaches from 140°F to 165°F) depending on personal preference. Remove burgers from Griddler™ and sprinkle with salt and pepper.
