**What reading level is The Phantom Tollbooth by Norton Juster?** Grade Level: 4th (GLCs: [Click here for grade level guidelines.](#)) Synopsis: Amazon.com Review: "It seems to me that almost everything is a waste of time," Milo laments.

**What grade do you read The Phantom Tollbooth?** This is a wonderful, endearing tale that will relate to readers who are fascinated by the "why" we have to learn ("this boring stuff"). Although it would be a great read aloud to children as young as 8; the vocabulary is extensive. The content would be good but the reading level is much higher (4th/5th grade).

**Did Norton Juster have synesthesia?** As a child, Juster had synesthesia, and could only do arithmetic by making associations between numbers and colors. He remembered that the condition affected word associations. "One of the things I always did was think literally when I heard words.

**Why did Norton Juster write Phantom Tollbooth?** Norton Juster's "The Phantom Tollbooth" was inspired by a 10 year old. For author Norton Juster a random conversation with a 10 year old boy about "the biggest number there is" was one of the seeds that helped The Phantom Tollbooth to grow.

**Why was Phantom tollbooth banned?** Locked away in the Boulder Colorado public library because the librarian considered it "poor fantasy". In 1974, five residents of Strongsville, OH, sued the board of education to remove the novel.

**What is the big idea of The Phantom Tollbooth?** The Phantom Tollbooth by Norton Juster looks at different themes through Milo's wacky adventures. Two of the biggest themes are education and boredom.

**What grade is Roald Dahl for?** 3rd grade reading books for children aged 8-9  
Authors include Dick King-Smith, Judy Blume, Roald Dahl, and Cornelia Funke. \_\_\_\_\_

**Who reads The Phantom Tollbooth?** From 'The Phantom Tollbooth' Norton Juster's classic children's story, read by Rainn Wilson.

**Why is the tollbooth called Phantom?** The word 'phantom' means ghost. It is called 'phantom' tollbooth because when Milo paid the toll with coins and drove past it, it disappeared like a ghost.

**What is the moral of The Phantom Tollbooth?** The Value of Education The most consistently pressed concept in the book is, without a doubt, the importance of the various lessons Milo learns through his journey. It is only by using the knowledge he has gained that Milo is able to fight his way past the demons who inhabit the Mountains of Ignorance.

**Does JK Rowling have synesthesia?** She expressed her sensory impressions on social media for the first time this month. On April 18, when the site Quite Interesting posted that most people perceive odd numbers as male and even ones as female, Ms. Rowling wrote back this reply on Twitter: J.K. Rowling expresses her synesthesia on Twitter and Instagram.

**Did Norton Juster have children?** Animator Chuck Jones adapted The Dot and the Line into an animated short film that won the 1965 Academy Award. Calling himself an amateur cook and professional eater, Juster lives with his wife in Amherst, Massachusetts. He has a daughter and a granddaughter.

**What is the main problem in The Phantom Tollbooth?** Major conflict To release the princesses Rhyme and Reason from imprisonment in the Castle in the Air.

**Why is The Phantom Tollbooth so good?** An absolute gem. Anyway, The Phantom Tollbooth is without a doubt one of my favorite books I've read this year. It has such a clever plot, includes many twists and turns, and at one point it even gave me quite a fright with its descriptive narration of various monsters.

**Who is the villain in Phantom Tollbooth?** The Terrible Trivium is one of the Demons of Ignorance and a villain in The Phantom Tollbooth by Norton Juster. He represents wasting time and avoiding responsibility by performing useless tasks.

**Is Phantom Tollbooth appropriate?** The Phantom Tollbooth is a very interesting book about a boy named Milo who embarks on an adventure. The book should definitely not be read under nine because the author uses difficult wording and creates difficult grammatical and mathematical concepts.

**What is The Phantom Tollbooth rated?**

**What reading level is extremely loud and incredibly close?** Extremely Loud and Incredibly Close, a Level 5 Reader, is B1 in the CEFR framework. The text is made up of sentences with up to four clauses, introducing present perfect continuous, past perfect, reported speech and second conditional. It is well supported by illustrations, which appear regularly.
