**Which side did the United States support in the Cold War and why?** United States involvement in regime change during the Cold War included support for anti-communist and right-wing dictatorships, governments, and uprisings across the world, while Soviet involvement in regime change included the funding of left-wing parties, wars of independence, revolutions and dictatorships around ...

**How did Communists gain control of China when the Cold War heats up?** How did Communists gain control of China? Communist leader Mao Zedong led the Communist forces in the North and won the support of peasants. They did this by encouraging them to read and helping to improve their food production. They then drove out Chiang and his followers to Taiwan.

**Who was on the US side in the Cold War?** The Truman Doctrine outlined in this speech later led to the formation of the North Atlantic Treaty Organization (NATO) in 1949, a military alliance between the United States, Canada, the United Kingdom, and other Western European nations.

**Why was the US in the Cold War?** As the Soviets tightened their grip on Eastern Europe, the United States embarked on a policy of containment to prevent the spread of Soviet and communist influence in Western European nations such as France, Italy, and Greece.

**What did the Soviet Union control during the Cold War?** The Soviets, on the other hand, were determined to maintain control of eastern Europe in order to safeguard against any possible renewed threat from Germany, and they were intent

on spreading communism worldwide, largely for ideological reasons.

**What happened to communism at the end of the Cold War?** By the summer of 1990, all of the former communist regimes of Eastern Europe were replaced by democratically elected governments. In Poland, Hungary, East Germany and Czechoslovakia, newly formed center-right parties took power for the first time since the end of World War II.

**Why did the Soviet Union lose the Cold War?** Gorbachev's decision to allow elections with a multi-party system and create a presidency for the Soviet Union began a slow process of democratization that eventually destabilized Communist control and contributed to the collapse of the Soviet Union.

**What was the United States side of the Cold War?** During the Cold War, U.S. diplomacy was focused on halting the spread of communism and limiting its influence where it already existed. American politicians believed that promoting democracy would expand individual liberties for people everywhere.

**When did WWII end?** Truman announced Japan's surrender and the end of World War II. The news spread quickly and celebrations erupted across the United States. On September 2, 1945, formal surrender documents were signed aboard the USS Missouri, designating the day as the official Victory over Japan Day (V-J Day).

**Why did the Soviet Union join the Allies?** The most important factor in swaying the Soviets eventually to enter into an alliance with the United States was the Nazi decision to launch its invasion of the Soviet Union in June 1941.

**Who rebuilt Europe after WWII?** It became known as the Marshall Plan, named for Secretary of State George Marshall, who in 1947 proposed that the United States provide economic assistance to restore the economic infrastructure of postwar Europe.

**What was the policy of containment?** The US policy of containment involved unalterable counterforce over a long period of time. The purpose was to halt the expansion of communism and prevent it from advancing around the world. The containment doctrine was proposed by American diplomat George F. Kennan.
