For the next few months, they pushed the small South Korean army south to a port city of Pusan. The United States and other Western nations determined to resist communist efforts to expand.

What ended the Cold War? During 1989 and 1990, the Berlin Wall came down, borders opened, and free elections ousted Communist regimes everywhere in eastern Europe. In late 1991 the Soviet Union itself dissolved into its component republics. With stunning speed, the Iron Curtain was lifted and the Cold War came to

an end.
