**Words of Wisdom: Keys to Success in the Scripps National Spelling Bee, Third Edition**

The Scripps National Spelling Bee is the pinnacle of competitive spelling, and each year, hundreds of thousands of students strive to make it to the hallowed halls of the Grand Finals. This esteemed competition tests not only their knowledge of vocabulary but also their strategic thinking, perseverance, and mental fortitude. In the recently released third edition of the official guidebook, "Words of Wisdom," former Scripps National Spelling Bee champions share their secrets to success.

**1. Know Your Root Words:**

Why is it that "accommodate" has an extra "c" but "accompany" does not? The answer lies in the root words. According to former champion Nupur Lala, "Understanding the root words of a word can help you figure out its spelling even if you don't know it." Root words provide the foundation for many English words, and mastering them is essential for spelling mastery.

**2. Practice Makes Perfect:**

No one becomes a champion speller overnight. It takes countless hours of practice and preparation. According to former champion Vanya Shivashankar, "Practice spelling a variety of words every day, both familiar and unfamiliar." Utilize practice lists, online spelling games, and writing exercises to enhance your orthographic skills.

**3. Learn from Your Mistakes:**

Mistakes are an inevitable part of the learning process. Instead of dwelling on them, former champion Zaila Avant-garde recommends embracing them as an opportunity

to improve. "When you misspell a word, don't just move on," she says. "Take the time to analyze why you made the mistake and how you can avoid it in the future."

#### **4. Stay Calm Under Pressure:**

The Scripps National Spelling Bee is a high-pressure environment, and nerves can easily get the better of even the most prepared spellers. Former champion Dakshina Bala recommends practicing mindfulness and breathing techniques to stay calm and collected. "When you feel the pressure rising, take a deep breath and focus on the present moment," she advises.

#### **5. Believe in Yourself:**

Spelling a word correctly on stage is not just a matter of knowledge and practice, but also of self-belief. Former champion Abhijay Kodali believes that "confidence is half the battle." Surround yourself with a support system that believes in you, and always remember that with hard work and determination, anything is possible.

### **Sword Dancer, Tiger and Del: A Q&A with Jennifer Roberson**

**Q: What inspired you to write "Sword Dancer, Tiger and Del"?**

**A:** The novel was inspired by my love of swordplay, martial arts, and the mythology of ancient cultures. I wanted to create a world where the skilled warrior was not only respected but revered, and where women could be just as deadly as men.

**Q: The characters of Del, Sword Dancer, and Tiger are all incredibly well-developed. How did you approach their creation?**

**A:** I spent a great deal of time thinking about each character's background, motivations, and relationships with others. I wanted them to feel like real people, with flaws and complexities, rather than simply archetypes.

**Q: The fight scenes in "Sword Dancer, Tiger and Del" are both brutal and beautiful. What was your process for writing them?**

**A:** I studied actual swordplay techniques and consulted with experts in martial arts to ensure the accuracy of the fight scenes. I also tried to convey the emotions and adrenaline that fuel a warrior's performance.

**Q: The novel explores themes of love, loyalty, and betrayal. What did you hope to convey with these themes?**

**A:** I believe that these are timeless themes that resonate with readers of all backgrounds. Love and loyalty can be powerful motivators, but they can also lead to great pain when betrayed. I wanted to explore the complexities of these emotions and how they can shape our lives.

**Q: What do you hope readers will take away from "Sword Dancer, Tiger and Del"?**

**A:** I hope that readers will be entertained by the story and characters, but I also hope that they will reflect on the themes of the novel and discuss them with others. Ultimately, I want readers to find something that speaks to them and stays with them long after they finish the book.
