**How much did Elizabeth Gilbert make on Eat, Pray, Love?** And Gilbert's take? The writer has easily made \$10 million in royalties from the book, and according to one source with knowledge of the deal, she earned another \$1 million for the film rights.

**Is Eat, Pray, Love a true story?** The memoir chronicles the author's trip around the world after her divorce and what she discovered during her travels. She wrote and named the book while living at The Oliver Hotel on the downtown square in Knoxville, TN. The book remained on The New York Times Best Seller list for 187 weeks.

**What is the criticism of Eat, Pray, Love book?** Shortcomings of Eat, Pray, Love Another common criticism is that Gilbert's journey is "too neat" and that her experiences leave out the messy, awkward, unresolved details of real life. Her journey is often said to be all goody-goody and yet lacking in any true improvement or growth.

**Where did Julia Roberts go in Eat Pray Love?** The 2010 hit movie Eat, Pray, Love made Bali look good – so much so that those gorgeous shots of Julia Roberts biking through Ubud rice fields and meditating in her Balinese villa might have you convinced it was all merely staged for the movie. Luckily, Bali is just as beautiful in

person as it appears on screen!

**What religion is practiced in Eat, Pray, Love?** Although she asks God for help, Liz starts an affair with a younger man, David, who introduces her to Hindu polytheism. This eventually leads to India and Bali, where Liz continues her New Age search for spirituality in Hindu theology. Eventually, she takes on a new lover.

**Did Elizabeth Gilbert ever have kids?** Probably the most surprising moment was when my grandmother told me that-while she loved her children and felt the happiest moments of her life during motherhood-she prayed that I would never have children of my own, and would instead dedicate my life to writing books and traveling.

**What is Julia Roberts' religion?** In 2010, Roberts said she was Hindu, having converted for "spiritual satisfaction". Roberts is a devotee of the guru Neem Karoli Baba (Maharaj-ji), a picture of whom drew Roberts to Hinduism.

**Why was Eat Pray Love so popular?** Part of the reason why it was successful was because it belonged to the trendy "self-help" genre that had started gaining popularity around this time (Sanders & Mouyis).

**What is the sequel to Eat, Pray, Love?** Committed: A Love Story If you read Eat, Pray, Love then this book is a continuation of the love story between Elizabeth and Felipe. Well sort of... This book is really more about the fear of marriage, the history of marriage, the beauty of marriage and the unfairness of marriage.

**Was Eat Pray Love successful?** It received mixed reviews from critics, but was a financial success, grossing \$204.6 million worldwide against a \$60 million budget.

**Does Liz stay with Felipe in Eat Pray Love?** In a message addressed "Dear Ones" on her Facebook page, she wrote: "I am separating from the man whom many of you know as 'Felip'"—the man whom I fell in love with at the end of the EAT PRAY LOVE journey.
