What app helps answer science questions? Socratic partnered with teachers and experts to bring you visual explanations in each subject, so you can learn the concepts behind any problem. Currently includes Algebra, Geometry, Trigonometry, Calculus, Biology, Chemistry, Physics, Earth and Environmental Science, US and World History, and Literature.

How to do my physics homework? Begin by thinking in terms of principles, not in terms of which formulas you need. Organize your thinking by drawing a picture of the situation. This is by far the most useful way to approach a problem, and is the “secret” to learning physics. Pick a coordinate system and use it.

Does Photomath give right answers? Photomath is using cutting edge AI-powered solving and recognition capabilities, that is why most of our solutions are to the point, and the issue might be in the incorrectly scanned problem. If the result is wrong, first check that the math problem you scanned is the same as the one recognized by Photomath.

Does gauthmath do physics? Not only Math questions, Gauth could now solve all different levels of problems in Physics, Chemistry, Biology and more.

Is there a physics calculator? BYJU's online Physics Calculator is a simple and unique tool which can be used to solve and calculate physics terms. Physics is the only stream in Science which consists of lots of physical formulae.

What are the 7 biggest unanswered questions in physics?

Why physics is so hard? Why is Physics harder than Math? Answer: Physics demands problem-solving skills that can be developed only with practice. It also involves theoretical concepts, mathematical calculations and laboratory experiments that adds to the challenging concepts.
