**How many volumes of Black Bullet are there?**

**Does Kisara love Rentaro?** In Volume 6, Rentaro and Kisara kiss and Rentaro admits his love for Kisara. Kisara accepts this. She says she'd waited a long time. She loves Rentaro with all her heart.

**Why was Black Bullet cancelled?** The biggest impediment to making more of Black Bullet is the source material. As mentioned, there were only seven light novels, all of which were published around the time the show released. The anime adapted the first four volumes, so a second season would have less to work with.

**Does Kisara love shu?** She is over-the-top madly in love with Shu and is very possessive of him.

**Does Kisara remember shu?** Shu realizes that he's been tricked: Kisara never consumed his memories to fuel her power; instead, she sacrificed hers to protect Shu's precious memories. Now Kisara returns all of Shu's stolen memories, along with some of her own, leaving Kisara with no memory of anything -- not even her own name.

**Who is the strongest in Black Bullet?** Gauche is definitely among the strongest Black Bull members.

**How old is rentaro in Black Bullet?**

**Who is the father of Rentaro in Black Bullet?** Takaharu (?? Takaharu) was Rentaro Satomi's father and a dear friend of Kikunojyo Tendo.

**Will Black Bullet get a Season 2?** The Studio gave no leads towards a renewal, never creates Season 2s and the Black Bullet manga already is finished with 20 chapters where the ending of the manga was already included in the anime meaning that many of the episodes were "invented" as they did not exist within the manga.
