**Do colleges look at the star test?** Well, yes and no. It depends on your goals. If your desired outcome is for your child simply to attend college, then your child is on the right track. If, however, you have more ambitious goals for your child, such as an elite college or a UC school, you'll need to give further consideration to the STAR test results.

**When did California stop star testing?** In 2013, Assembly Bill (AB) 484 suspended the state's Standardized Testing and Reporting (STAR) Program to allow schools time to prepare for the new Smarter Balanced assessments, which are aligned to the Common Core standards, and transition to a new assessment system called the California Assessment of Student ...

**What does my star test score mean?** STAR Reading scores represent how students performed on the test compared with the performance of a nationally representative sample of students, called the norms group. These scores present a

snapshot of achievement at a specific point in time.

**Can you get a 100 on a star test?** [2] The Proficiency axis, showing either Scaled Scores (for students when State benchmarks are selected) or % Proficient (in all other cases). % Proficient values range from 0 to 100; Scaled Score values will vary based on the type of assessment chosen.

**Does the STAAR test matter in middle school?** If a student is enrolled in grade 8 or below and takes a course for which there is a STAAR end-of-course assessment, that student is required to take the applicable STAAR end-of-course assessment. Though taken in middle school, the tests will count toward the state's high school graduation requirement.

**Can a student retake the STAR test?** Yes, if you know that a student has rushed through a test or if you believe the student has not taken it seriously. If the student takes another test before midnight on the same day as the test you don't want to count, only the retest will appear on reports that show the student's most recent test.

**What is the highest score on the STAR test?** All the results of Star Reading tests across grade levels are converted to a common scale using an item- response theory model; these scaled scores range from 0 to 1400.

**How to see star test scores?** Log in to Renaissance. On the Home page: Renaissance Next: Select Reports under "My Data" in the left-hand sidebar; then select Reports in the sidebar under "Star / Assessment." Legacy Mode: Select Reports; then select Star / Assessment in the drop-down list.
