## [Download Complete File](#)

**What is the official national formulary?** The United States Pharmacopeia – National Formulary (USP-NF) includes over 5000 quality standards for medicines, both chemical and biologic; active pharmaceutical ingredients (APIs); and excipients (inactive ingredients).

**Is Unani medicine approved by who?** Having gained recognition from the World Health Organization (WHO) in 1976, the Unani system became increasingly accepted internationally as a system of traditional medicine.

**What is the national formulary of India pharmaceuticals?** About NFI: - According to Minister, NFI 2021 would act as the guidance document for all the healthcare professionals like pharmacists, clinicians, dentists, nurses, etc. - NFI will also play a significant role in daily clinical practices. - It is published to promote rational use of medicines in India.

**What is Unani system of medicine in pharmacognosy?** The Unani system of medicine emphasizes on diagnosing a disease through Nabz (pulse), Baul (wine), Baraz (stool), etc. Besides, it gives due importance to the surroundings and the ecological conditions on the state of health of humans.

**What is the difference between USP and National Formulary?** USP–NF is a combination of two compendia, the United States Pharmacopeia (USP) and the National Formulary (NF). Monographs for drug substances, dosage forms, and compounded preparations are featured in the USP. Monographs for dietary supplements and ingredients appear in a separate section of the USP.

**What is the difference between a drug list and a formulary?** A list of prescription drugs covered by a prescription drug plan or another insurance plan offering prescription drug benefits. Also called a drug list.

**Which brand is the best for Unani medicine?**

**Is Unani better than Ayurveda?** Ayurveda focuses on metabolism, good digestion and proper excretion for effective treatment. Regardless of the differences, both Unani and Ayurvedic medicines are the safe, natural ways to treat disease. These practices are very popular as they ensure that a disease is being treated in the most natural way.

**Is Unani medicine reliable?** Unani medicine is pseudoscientific. The Indian Medical Association describes Unani practitioners who claim to practice medicine as quacks. The term Yunani means 'Greek', referring to the fact that the Perso-Arabic system of medicine was based on the teachings of the Greek physicians Hippocrates and Galen.

**What is the difference between Indian Pharmacopoeia and National Formulary?** is that pharmacopoeia is an official book describing medicines or other pharmacological substances, especially their use, preparation, and regulation while formulary is a pharmacopoeia or list of available drugs, particularly prescription drugs.

**What is Indian medicine formulary?**

**What is formulary vs generic?** A generic drug is identically equivalent to the brand name drug in form, safety, strength, quality and intended use. Although identical, generic drugs are substantially cheaper than their brand name counterparts. A formulary drug is a drug that is listed on a preferred drug list from your insurance carrier.

**What are the 4 elements of Unani?** Unani medicine is based on the presence of the four elements fire, water, earth, and air. These elements are present in all aspects of life and in the body. Their balance leads to health and their imbalance leads to illness. The characteristic qualities of the four elements are similar to that of Ayurvedic medicine.

## **What are the 7 basic components of Unani medicine?**

**Who is the father of Unani medicine?** The origins of Unani medicine are found in the doctrines of the ancient Greek physicians Hippocrates and Galen. As a field, it was later developed and refined through systematic experiment by the Arabs, most prominently by Muslim scholar-physician Avicenna.

**What is the meaning of National Formulary?** National Formulary : a periodically revised book of officially established and recognized drug names and standards.

**What is the current USP version?** The current version of USP–NF standards deemed official by USP are enforceable by the U.S. Food and Drug Administration for medicines manufactured and marketed in the United States. The current version, USP–NF 2024, Issue 1, became official on May 1, 2024.

**What is the NI formulary?** The aim of the Northern Ireland Formulary is to support the provision of safe, clinically effective and cost-effective medicines. The formulary covers first and second line drug choices for non-specialist areas to guide the majority of prescribing decisions.

**Is BNF the main formulary?** The BNF aims to provide prescribers, pharmacists, and other healthcare professionals with sound up-to-date information about the use of medicines. The BNF includes key information on the selection, prescribing, dispensing and administration of medicines.
