The Spiritual Man: Watchman Nee's Insights

Watchman Nee, a Chinese Christian leader, extensively wrote about the concept of the spiritual man. Here are some questions and answers based on his teachings:

Q: Who is the spiritual man? A: Nee believed that every Christian has a two-fold nature - the natural (physical, soulish, and fallen) and the spiritual (born of the Spirit). The spiritual man refers to the new creation within every believer, a true man in the image of God, created in righteousness and true holiness (Ephesians 4:24).

Q: What are the characteristics of the spiritual man? A: The spiritual man is characterized by a life led by the Spirit, a focus on the things above (Colossians 3:1-2), and an inner life of communion with God. They are able to discern between the flesh (natural impulses) and the Spirit (divine guidance), and their thoughts, words, and actions are in accordance with God's will.

Q: How can I become a spiritual man? A: According to Nee, becoming spiritual is a process of denying the flesh and allowing the Spirit to have its full sway in our lives. This involves feeding our spirits through prayer, Bible study, and fellowship, while abstaining from activities that hinder spiritual growth, such as worldliness and sin.

Q: What are the benefits of being a spiritual man? A: The spiritual man enjoys a close relationship with God, experiences freedom from condemnation, and lives a life of wholeness and purpose. They are able to discern truth from error, overcome temptation, and serve others with love and compassion.

Q: How can I grow in my spiritual life? A: Nee emphasized the importance of abiding in Christ. This involves living a life in close communion with Him through daily prayer and meditation. It also requires being filled with the Holy Spirit and allowing Him to guide our thoughts and actions. By abiding in Christ, we can grow in our spiritual understanding and experience the fullness of God's life within us.
