The Doctorate of Business Administration Scholarship in USA is a scholarship program that offers a chance to the best students who want to pursue a career in business.

**What is the meaning of DCL in biology?** DCL1 (an abbreviation of Dicer-like 1) is a gene in plants that codes for the DCL1 protein, a ribonuclease III enzyme involved in processing double-stranded RNA (dsRNA) and microRNA (miRNA).

### **The Pearl Literature Guide Answers**

**Question 1: What is the main conflict in the novel?** Answer: The main conflict in the novel centers around Kino's struggle to protect his family's newfound wealth from those who would exploit them.

**Question 2: How does Kino's character develop throughout the novel?** Answer: Initially a humble pearl diver, Kino undergoes a transformative journey as the pearl's allure corrupts him and leads him down a path of violence and paranoia.

**Question 3: What is the significance of the doctor's refusal to treat Coyotito?** Answer: The doctor's refusal to treat Coyotito without immediate payment symbolizes the societal indifference and greed that Kino encounters.

**Question 4: How does the pearl ultimately contribute to Kino's downfall?** Answer: The pearl, which initially represented hope and prosperity, becomes a symbol of greed and destruction, leading Kino to lose his innocence, family, and ultimately his life.

**Question 5: What is the central theme of the novel?** Answer: The central theme of "The Pearl" is the corrupting power of wealth and the importance of human values over material possessions. The novel explores the dangers of greed, envy, and violence that can arise when society prioritizes material wealth over the well-being of its members.
