## **Wombs, Alien Spirits, Women, Men, and the Zar Cult in Northern Sudan**

### **New Directions in Anthropological Writing**

In the northern region of Sudan, the Zar cult has emerged as a significant cultural and religious phenomenon. This article explores the connections between women, men, and alien spirits within the Zar cult, shedding light on contemporary anthropological perspectives on these interconnected themes.

**1. What is the Zar Cult?** The Zar cult is a complex spiritual system that involves the possession of individuals by spirits known as zars. These spirits are believed to possess supernatural powers and can cause illness or other misfortunes. Zar rituals, performed by women known as zarinas, are used to appease the spirits and restore balance to the possessed individual.

**2. How are Women and the Zar Cult Related?** Women play a central role in the Zar cult. They are the primary practitioners of Zar rituals and are often the ones who become possessed by spirits. Zarinas are highly respected within the cult and are often consulted for advice and guidance.

**3. How are Men Involved in the Zar Cult?** While women are the primary practitioners of the Zar cult, men also participate in its rituals. They may play the role of musicians, assisting in the healing process through music and dance. Men may also become possessed by spirits, although this is considered less common.

**4. What is the Significance of Alien Spirits?** Alien spirits, known as ariba, are thought to be non-human entities that have come from another realm. They are often associated with foreign cultures and are said to possess unique powers. Ariba are believed to be particularly powerful and may possess individuals who have come into contact with them.

**5. How is the Zar Cult a Reflection of Contemporary Anthropological Perspectives?** The Zar cult offers a unique lens through which to examine contemporary anthropological perspectives on gender, spirituality, and the intersection of culture and religion. It highlights the importance of women's agency in

religious practices, the fluidity of spirit possession, and the ways in which cultural beliefs shape experiences of illness and healing.
