### Bagh O Bahar: A Timeless Tale\*\*

"Bagh O Bahar" is a beloved Persian fairy tale collection written by Amir Khusrau in the 13th century. The stories depict the adventures of four friends who encounter magical creatures, talking animals, and fantastical lands. The tales revolve around themes of love, loyalty, and the power of imagination.

The central story of "Bagh O Bahar" follows a prince named Gulzar who is imprisoned by his wicked stepmother. He befriends a talking parrot named Toto, who helps him escape and embark on a quest to find his true love, Dilbar. Along the way, they encounter a wise old tree, a talking fish, and a magical horse.

### Shaheen Bagh: A Symbol of Resistance

Shaheen Bagh is a neighborhood in Southeast Delhi, India, that became the epicenter of a historic protest movement in 2019. The protests, led primarily by Muslim women, were sparked by the Indian government's controversial Citizenship Amendment Act (CAA).

The women of Shaheen Bagh gathered in the streets for months, demanding the withdrawal of the CAA and expressing their solidarity with all those affected by the law. The protests became a symbol of resistance against religious discrimination and a beacon of hope for marginalized communities.

### The Etymology of Bagh

The word "bagh" has its origins in the Old Persian language and means "garden." It was adopted into various Indo-Iranian languages, including Urdu and Hindi, where it retained its original meaning. In India, "bagh" is commonly used to refer to gardens,

parks, and other green spaces.

Over time, the word "bagh" has also been used to denote places of beauty and tranquility. For example, in the Persian fairy tale "Bagh O Bahar," the title refers to a magical garden where the protagonist encounters fantastical creatures. Similarly, in Urdu poetry, "bagh" is often invoked to evoke images of idyllic gardens filled with flowers, birds, and flowing streams.
