The Biblical Method of Church Planting**

What is the biblical method of church planting?

Church planting is the process of starting a new church in an area where none previously existed. The Bible provides a clear method for church planting, which involves:

- **Identifying a need:** The potential church planters assess the spiritual needs of a particular community.
- **Gathering a core team:** A group of individuals with a passion for reaching the lost and a willingness to commit to the work of church planting come together.
- **Developing a vision and mission:** The team establishes the purpose and core beliefs of the new church.
- **Finding a meeting place:** A suitable location is secured for the church to gather.
- **Praying and seeking God's guidance:** The team seeks God's direction and support throughout the process.
- **Evangelizing and discipling:** The church members reach out to their community with the gospel and make disciples.
- **Established leadership:** As the church grows, it develops and appoints leaders to oversee the various ministries.

- **Multiplying and sending:** The new church seeks to establish other churches in neighboring communities, expanding the kingdom of God.

Who planted churches in the Bible?

Numerous people were involved in church planting in the Bible, including:

- Jesus Christ
- The apostles (e.g., Peter, Paul, John)
- Evangelists (e.g., Philip, Timothy)
- Missionaries (e.g., Barnabas, Silas)

What is the theological foundation for church planting?

The theological foundation for church planting is found in the Great Commission (Matthew 28:18-20), where Jesus commands his disciples to go and make disciples of all nations, baptizing them and teaching them to observe all his commands. This commission implies the need to establish churches as gathering points for discipleship and growth.

Quote about church planting:

"The church is not a building, it is a movement of people who have been redeemed by the blood of Jesus Christ." - Billy Graham

Sample prayer for church planting:

"Dear Lord, we ask for your guidance and blessing as we embark on this journey of church planting. Give us wisdom, courage, and strength to share the gospel and establish a thriving church in this community. Help us to make disciples who will impact the lives of others with your love and truth. Amen."

What does the Bible say about planting churches?

- "Go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit." (Matthew 28:19)

- "And the Lord added to the church daily those who were being saved." (Acts 2:47)
- "So the churches were strengthened in the faith, and increased in number daily." (Acts 16:5)

Who should plant churches?

Individuals who are called by God, have a passion for evangelism, and are willing to invest their time and resources in the work of church planting should consider this calling.

Examples of church planting in Acts:

- The establishment of the church in Jerusalem (Acts 2)
- The planting of churches by Paul in various cities (Acts 13-28)
- The spread of the gospel by the apostles and early Christians (Acts 8-12)

Root of the church:

The root of the church is Jesus Christ, who is the head of the church (Ephesians 5:23). The church is built upon the foundation of apostles and prophets (Ephesians 2:20), with Jesus Christ being the cornerstone.

Philosophy of church planting:

The philosophy of church planting is to establish new congregations that are biblically sound, missional, disciple-making, and community-oriented.

Mission of church planting:

The mission of church planting is to glorify God by expanding his kingdom through the establishment of new churches that make disciples, reach the lost, and impact communities with the gospel.

Relationship between evangelism and church planting:

Evangelism is the proclamation of the gospel to unbelievers, while church planting is the establishment of a new church with a congregation of believers. Evangelism is a

vital part of church planting, as the gospel must be preached and people must come to faith before a church can be established.

Disadvantages of church planting:

- Requires significant time, effort, and resources.
- Can be challenging to establish a sustainable financial base.
- Can face opposition from the community or competing churches.

Essence of church planting:

The essence of church planting is to reach the lost, make disciples, and establish a community of faith where people can grow in their relationship with God.

Which apostles plant churches?

Many apostles planted churches, including:

- Peter
- Paul
- James
- John

Method of church planting:

The method of church planting involves identifying a need, gathering a core team, developing a vision and mission, finding a meeting place, praying and seeking God's guidance, evangelizing and discipling, establishing leadership, and multiplying and sending.

Importance of prayer in church planting:

Prayer is essential for church planting, as it provides spiritual guidance, strength, and protection. It helps the planters to align their plans with God's will and to seek his wisdom and power in all aspects of the work.

What to preach in a new church plant:

Preaching in a new church plant should focus on the core truths of the gospel, such as the deity and humanity of Jesus Christ, his sacrificial death and resurrection, the forgiveness of sins, and the need for repentance and faith. It should also emphasize the importance of discipleship, community, and mission.

Biblical basis for church planting:

The biblical basis for church planting is found in the Great Commission (Matthew 28:18-20) and in the example of the early church in the book of Acts.

Characteristics of church planting:

Church planting typically involves aspects such as:

- Evangelism and disciple-making
- Community-oriented ministries
- Leadership development
- Missionality and Kingdom impact

What to pray for church planting:

- Guidance and wisdom in decision-making
- Protection from spiritual attacks and opposition
- Provision for resources and finances
- Growth and fruitfulness in ministry
- Unity and harmony among the team

Fastest way to grow a church:

There is no universal "fastest" way to grow a church, as growth depends on various factors such as the context, leadership, and mission of the church. However, some principles for healthy church growth include:

- Focusing on evangelism and outreach
- Developing a clear vision and mission

- Building strong relationships within the congregation
- Providing opportunities for spiritual growth and development

What plants are good for churches:

Plants that are suitable for churches include:

- Peace lily (purifies the air)
- Spider plant (removes toxins)
- Snake plant (tolerant of low light and watering)
- Aloe vera (medicinal properties)

What did Jesus say about sowing seeds?

In the Parable of the Sower (Matthew 13:1-23), Jesus talked about sowing seeds and their potential for bearing fruit. This parable can be applied to church planting and the process of evangelizing and establishing new congregations.
