

# EMIL AND THE DETECTIVES ERICH KASTNER

## [Download Complete File](#)

**What age is Emil and the Detectives for?** Other than the violent and scary scenes noted above, there's nothing of concern in Emil and the Detectives for children aged 8-13 years.

**How was Emil tricked on the train?** On the train to Berlin, Emil shares his compartment with a mysterious man in a bowler hat who introduces himself as Herr Grundeis. Emil accepts some chocolate from the man and then falls asleep. When he wakes up, his money has disappeared and so has Herr Grundeis.

**When did Erich Kastner die?** Erich Kästner (born Feb. 23, 1899, Dresden, Ger. —died July 29, 1974, Munich) was a German satirist, poet, and novelist who is especially known for his children's books.

**What is the book Emil und Die Detektive about?** Set in 1920s Neustadt and Berlin, Emil and the Detectives tells the story of young Emil Tischbein and his adventures during and after a train ride from one city to the other. The boy's mother sends him off to the capital with DM120 to be delivered to his grandmother, and twenty more for himself.

**What gender is Emil?** The name Emil, Emile, or Émile is a male given name meaning rival, deriving from the Latin Aemilius of the gens Aemilia. A related female given name is Emily.

**Why does Emil not age?** Emil's exact age is unknown, however it has been theorized that the experiments have halted his aging process. For example, after the five year time skip, Emil's character model remains the same, while some character

models (such as Gideon) have matured and grown.

**Who is the bad guy in Emil and the Detectives?** The cast was led by Boaz in Second Form playing Emil who demonstrated the fluidity of Emil's character and his deep convictions and morals in his superb acting in contrast to the evil of Mr Snow, played by Dexter in Third Form, the villain of Emil's story.

**What mistake did Emil make in the train compartment?** 1. Emil did not like Black Hat from the moment he saw him in the compartment of the train. When Emil was left alone with Black Hat in the compartment, he decided to watch the man carefully. When Emil woke up from his nap, he realised that Black Hat was gone and so was his money.

**Where was Emil and the Detectives filmed?** Unlike many of his films, which were done largely at the studio lot in California, Disney had Emil and the Detectives shot on location in Berlin and Alsfeld, Hesse, part of what was then known as West Germany. Production lasted between September 9 and November 23, 1963 and had a year for postproduction work.

**Who was the last German veteran in World War 1?** Erich Kästner (10 March 1900 – 1 January 2008) was the last documented World War I veteran who fought for the German Empire (including all nationalities and ethnic groups) and the last who was born in Germany. Consequently he was the last Central Powers combatant of the Western Front.

**Where did Erich Kastner live?**

**How old is Emil in Emil and the Detectives?** Ten-year-old Emil is excited to be taking the train to Berlin on his own for the first time - but he doesn't like the look of his fellow passenger, the man in the bowler hat.

**What is the plot of the play Emil and the Detectives?** Based on a novel by Erich Kastner, Emil and the Detectives follows a young Emil Tischbein through his journey of adventure and camaraderie. Set in 1920s Berlin, Emil attempts to retrieve his stolen money from the villainous Mr. Snow.

**How many pages is Emil and the Detectives?**

**Who is Emil in love with?** In both Gestalt and RepliCant, Emil is implied to have a crush on main protagonist Nier. This was outright confirmed by game director Yoko Taro in a 2011 interview and in the book Grimoire Nier, saying that Emil was gay and did have feelings for Nier.

**What ethnicity is Emil?** This industrious masculine name has German and Scandinavian roots and derives from the Latin family name Aemiliaus, one of the most powerful patrician families in ancient Rome. In Latin, this name means “striving to excel” or “rival,” encouraging your little one to strive for the best.

**How old is Emil?** The short story 'The Stone Flower', which takes place in 2026, states Emil and his twin sister were 10 years old when they underwent weaponization (that probably isn't a word). This puts his birth year as 2016. Which means that during NieR he is 1459 years old, and during Nier: Automata he is 9929 years old.

**What happened to Emil's body?** During the fight Emil is swallowed by nr 6 and after destroying weapon nr 6 and getting him free, he has become weapon nr 7 (the moment when he started to look like skeleton) which give him a new powers. Later, he sacrifices himself during one of the fights, but he survives an explosion, but only his head remained.

**How does Emil survive?** He later tearfully sacrifices himself to save the others from Popola at the Shadowlord's Castle. However, Emil did not die, but is now a disembodied head. Emil expresses his relief as he lands somewhere in the desert and begins rolling along to locate the others.

**Why does Emil go to Mexico?** Emil loves Marie, even though she is married. After talking with his friend Amedee at the fair, he decides to move to Mexico to get away from his feelings.

**Who is Emil and the Detectives mother?** Like Emil, he was an only child, and his mother, Ida, too, was a hairdresser, a job she did to supplement the income of his saddlemaker father.

**Where was Emil and the Detective filmed?** It was shot at the Tempelhof Studios in Berlin and on location around the city.

---

EMIL AND THE DETECTIVES ERICH KASTNER

**Who is the German actor Emil?** Emil Jannings (born July 23, 1884, Rorschach, Switzerland—died January 2, 1950, Strobl, near Salzburg, Austria) was a German actor who was internationally known for his tragic roles in motion pictures. He was the recipient of the first Academy Award for best actor.

**Where did the girl get into the train compartment?** In the story, the girl gets in the train compartment at Rohana, a station along the way. She is accompanied by her parents, who are anxious about her safety as she is visually impaired.

**How was the voice of the girl in the train compartment?** Her voice had the sparkle of a mountain stream. As soon as she left the train, she would forget our brief encounter; but it would stay with me for the rest of the journey and for some time after.

**How did the boys frighten the black hat?** Answer: The boys frightened Black Hat by following him everywhere he went and doing everything he did.

## **The Real Estate Game: The Intelligent Guide to Decision-Making and Investment**

Real estate investment can be a lucrative endeavor, but it also comes with its complexities. "The Real Estate Game: The Intelligent Guide to Decision-Making and Investment" offers invaluable insights to navigate the market and make informed decisions.

**Q: What are the key factors to consider when evaluating a real estate investment?** **A:** Location, property type, potential for growth, rental income, and operating expenses are critical factors to assess. Research market trends, consult with experts, and carefully analyze financial projections.

**Q: How can I determine the fair market value of a property?** **A:** Comparative market analysis (CMA) is a common method. By comparing similar properties in the area, you can estimate the value based on recent sales, active listings, and pending transactions. Consider factors such as size, amenities, and condition.

**Q: What financing options are available for real estate investment?** **A:** Mortgages, hard money loans, and private financing are???. Explore different options to determine the best terms and rates that align with your investment strategy. Be aware of closing costs, interest rates, and lender requirements.

**Q: How can I build a successful real estate portfolio?** **A:** Diversification, risk management, and long-term vision are key. Invest in a mix of properties with different locations, types, and income streams. Regularly assess your portfolio, adjust strategies as needed, and seek professional advice when appropriate.

**Q: What are the potential risks and rewards of real estate investment?** **A:** Market fluctuations, property damage, and tenant issues are potential risks.  
EMIL AND THE DETECTIVES ERICH KASTNER

However, potential rewards include capital appreciation, rental income, and tax benefits. Prudent decision-making, due diligence, and appropriate risk management can minimize risks and maximize returns.
