Mark Manson's "The Subtle Art of Not Giving a F*ck" advocates letting go of perfectionism, comparison, and the pursuit of external validation. It emphasizes embracing vulnerability, accepting failure, and focusing on what truly matters to you.

2. How does this relate to biking?

Biking can be a metaphor for life's challenges. The "subtle art" applies to biking in the sense that it encourages you to let go of expectations, accept setbacks, and prioritize self-fulfillment over external approval.

3. How can it help you as a biker?

By not giving a f*ck about speed, distance, or keeping up with others, you can:

- **Enjoy the ride:** Focus on the present moment, appreciate the scenery, and connect with your body.
- **Embrace the challenge:** See setbacks as opportunities to learn and grow, rather than reasons to quit.
- **Set realistic goals:** Don't compare yourself to others. Set goals that are challenging but achievable for you.

4. How can you apply this to your biking?

- Ride for yourself, not for others.
- Don't be afraid to take breaks or stop when you need to.
