Can attraction to someone come back? However, generally, it is possible to revive the feelings of attraction in a relationship but it requires a commitment from both partners and honesty to examine, and work on the underlying issues. If your attraction has dissipated over time, then you need to have an honest and open conversation with your partner.

How do you know if your ex is coming back spiritually? You feel their energy near you. Your souls may still be closely connected. If you feel their presence and energy in a way that is difficult to explain, it may be a sign that your ex is considering coming back to you.
