**Truly Madly Famously: A Q&A with Rebecca Serle**

**1. What inspired the idea for "Truly Madly Famously"?**

Rebecca Serle: I was fascinated by the idea of a group of friends who become famous overnight and how that would change their lives. I wanted to explore the complexities of fame and friendship, as well as the sacrifices people make in pursuit of their dreams.

**2. The novel follows a group of friends through a decade of their lives. How did you develop the characters and their relationships?**

Serle: I spent a lot of time thinking about the characters and their motivations. I wanted them to be relatable and accessible, but also flawed and complex. The relationships between them were carefully crafted to be realistic and authentic, reflecting the ups and downs of long-term friendships.

**3. What themes do you explore in the novel?**

Serle: "Truly Madly Famously" explores themes of fame, friendship, love, and self-discovery. It delves into the consequences of pursuing dreams and the impact it can have on relationships. The novel also examines the challenges of navigating the complexities of fame and the pressures that come with it.

**4. The novel is both moving and thought-provoking. What do you hope readers will take away from it?**

Serle: I hope readers will be entertained by the story, but I also hope they will think about the themes it explores. I want them to question their own dreams and aspirations, and to consider the importance of authenticity and connection in the face of fame and success.

## **5. What advice would you give to aspiring writers who want to write about fame and its effects on relationships?**

Serle: Write from the heart and draw on your own experiences. Fame can be a transformative force, but it's also a mirror that can reveal our deepest vulnerabilities. To write authentically about fame and its effects on relationships, it's essential to understand the human toll it can take.
