SpringBoard Algebra 1 Embedded Assessment 3 is an assessment designed to evaluate students' understanding of the following concepts:

- Solving equations with absolute value
- Solving inequalities with absolute value
- Graphing equations and inequalities with absolute value

Question 1

Solve the equation:

$$|x - 2| = 5$$

Answer:

$$x = 7 \text{ or } x = -3$$

Question 2

Solve the inequality:

$$|2x - 1| > 3$$

Answer:

$$x < -1 \text{ or } x > 2$$

Question 3

Graph the equation:

$$y = |x - 1|$$

Answer:

The graph is a V-shaped function with a vertex at (1, 0).

Question 4

Graph the inequality:

$$y < |x + 2|$$

Answer:

The graph is the region below the V-shaped function $y = |x + 2|$.

Trump 101: A Comprehensive Guide to the 45th President

The recently published "Trump 101" book provides an in-depth look at the life, policies, and impact of the 45th President of the United States, Donald Trump. The book addresses various aspects of Trump's presidency, answering common questions about his background, policies, and controversies.

1. Who is Donald Trump and what was his background before becoming president?

Donald Trump is a New York City real estate developer, businessman, and media personality. He was born in 1946 and attended the Wharton School of the University of Pennsylvania. Before entering politics, Trump led the Trump Organization, a real estate and development company founded by his father. He also hosted the reality TV show "The Apprentice."

2. What were Trump's major campaign promises and policies?

During his presidential campaign, Trump made numerous promises, including building a wall on the US-Mexico border, reducing taxes, and withdrawing from the Paris Climate Accord. He also proposed increasing military spending, renegotiating trade agreements, and appointing conservative judges to the Supreme Court.

3. What were the key events and controversies during Trump's presidency?

Trump's presidency was marked by numerous controversies and events. These included the "Muslim ban," the firing of FBI Director James Comey, the impeachment inquiry, and the COVID-19 pandemic. Trump also faced criticism for his rhetoric and policies on immigration, healthcare, and environmental protection.

4. What was Trump's foreign policy?

Trump pursued an "America First" foreign policy, emphasizing national sovereignty and economic self-sufficiency. He withdrew the US from several international agreements, including the Trans-Pacific Partnership and the Iran nuclear deal. Trump also imposed tariffs on imports from China, leading to a trade war between the two countries.

5. What is Trump's legacy and impact on American politics?

Trump's presidency left a significant mark on American politics. He polarized the country and shifted the Republican Party towards a more populist and nationalist agenda. His policies and rhetoric continue to be debated, and his legacy will likely be contested for years to come.
