Converting Pull Start Engines to Electric Start\*\*

### **Can You Convert a Pull Start Pressure Washer to Electric Start?**

Yes, it is possible to convert a pull start pressure washer to electric start. However, the conversion process can be complex and expensive.

### **Can I Add an Electric Start to My Generator?**

Yes, it is generally possible to add an electric start to a generator. The process involves installing an electric starter motor and associated wiring.

### **Can You Convert a Pull Start Boat Motor to an Electric Start?**

Yes, it is possible to convert a pull start boat motor to an electric start. The conversion process requires specialized knowledge and tools.

### **Electric Start vs. Pull Start**

#### **Is Electric Start Better Than Pull Start?**

Electric start is more convenient and easier to use than pull start. It eliminates the need for manual effort and is especially beneficial for larger or more difficult-to-start engines.

#### **What is the Difference Between Electric Start and Self Start?**

Self start refers to a system that automatically starts the engine when certain conditions are met, such as a drop in voltage. Electric start requires manual activation through a key or switch.

## **Electric Start Generators**

### **How Many HP is a Honda GX390?**

The Honda GX390 is a 13 horsepower engine.

### **How Do You Start a Honda GX390 Generator?**

1. Open the fuel valve.
2. Set the choke lever to the "closed" position.
3. Pull the starter rope slowly until resistance is felt.
4. Pull the starter rope briskly to start the engine.
5. Gradually open the choke as the engine warms up.

### **What KVA is a Honda GX390?**

The Honda GX390 is typically used in generators with a power output of around 5-7 kVA.

### **What is the Honda GX390 Used For?**

The Honda GX390 is a versatile engine used in a variety of applications, including generators, pressure washers, and water pumps.

### **How Long Will a Honda GX390 Last?**

With proper maintenance, a Honda GX390 can last for several thousand hours.

### **What is the Alternative to the Honda GX390?**

Alternatives to the Honda GX390 include Briggs & Stratton Vanguard 13 HP and Kohler Command Pro 13 HP engines.
