How is the relationship between Boesman and Lena? In Athol Fugard's *Boesman & Lena*, the title characters, de facto husband and wife, seem to have an adversarial relationship. Though they are a couple, Boesman and Lena have no love lost between them. Boesman is impatient with Lena and often threatens her. He beats her regularly, and she has the bruises to prove it.

What language is used in the play *Boesman and Lena*? *Boesman and Lena* is the play in Fugard's existing oeuvre that contains the most Afrikaans words, phrases and sentences (altogether more than 200 Afrikaans words). Not only Afrikaans is used in this English play, but also some Xhosa (with Outa's arrival).

Why does Lena want to be called Mary in *Boesman and Lena*? Lena tells Boesman that she wants to be someone else. She wants to be called Mary; that way she can leave and live another life.

What is a brief synopsis of the narrative *Boesman and Lena*? *Boesman and Lena* is the story of a "colored" (mixed race, in South African apartheid terms) who have been repeatedly dispossessed from various shantytowns near Capetown. They live on the pittance from recycling bottles, and argue bitterly over which of them is to blame for their reduced state.

How does Boesman have power over lena? Physical violence is not the only way that Boesman gains power over Lena—he is also manipulative and cruel to her, making her question her reality over and over again. At the beginning of the play, Boesman refuses to even talk to Lena. She prattles on with no response from him.

Why did Athol Fugard write *Boesman and Lena*? Fugard focused on non-white characters and explored social issues, protesting apartheid. He said that the play

was inspired by an incident in 1965 when Fugard was driving along a rural road in South Africa.

What is the main theme of Boesman and Lena? The first theme in Boesman and Lena is racism. The play shows the effects of apartheid on the lives of black people in South Africa. Boesman and Lena are both victims of this racist system, and they have been forced to leave their home and wander aimlessly in the hopes of a better life.

What does the name Boesman mean? It is generally accepted that the English term Bushman. and the Afrikaans term Boesman are translations of the Dutch name. Bos(ch)jesman, derived from the Dutch word bos(ch) "bush, forest", of which the diminutive form is boschje or bosje (Nienaber 1989: 207). Boshoff & Nienaber (1976: 173) point out that the ethnonym ...

What is the setting of the play Boesman and Lena? "Boesman and Lena" is a two-act play that centers around a couple in apartheid South Africa. Known as a particularly violent era of racism in South Africa, where blacks were suppressed by an entire system of government, the play addresses the effects of apartheid on various levels.

What does Lena think her mother will see during her visit with her and Harold
Why does Lena think her mother will be able to see this? What does Lena think her mother will see during her visit with her and Harold? She fears her mother will see whatever is wrong with their relationship. What physical aspect of Lena's house does her mother connect with a feeling? Lena's mother says the slant of the floor makes her feel as if she is "running down".

Do you consider Mary as your mother too? Mary, mother of Jesus of Nazareth, is a person of special focus for Catholics. This is right and good because Mary is special. She is not only Jesus' Mother, but she is ours, too.

What is the relationship between nii and mama orojo? Unexpected Joy at Dawn is a story of two siblings, Nii and Mama Orojo, during the 1983 deportation of Ghanaians from Nigeria under the Shahu Shagari government.

How do you take care of a bonsai tree for beginners? Bonsai tree care Bonsai trees are planted in small pots with minimal space for water and nutrient reserves. That means you need to water and fertilize your tree regularly. Make sure your Bonsai gets plenty of light, water, and fertilize when needed and your tree is sure to thrive!

What is the best bonsai tree for beginners indoors? The weeping fig is a great choice for beginners who want to keep a bonsai tree indoors. It's also pretty resilient and can tolerate those who might have some trouble remembering to water them consistently. "Unlike some other bonsai species, the weeping fig can thrive indoors with proper care," says Brandt.

Where should I place my bonsai tree at home? Indoor bonsai trees are from tropical and subtropical regions and therefore need plenty of warmth, light and humidity, so position your tree in a well-lit spot but out of direct sunlight, in a naturally humid room such as a kitchen or a bathroom.

Are indoor bonsai trees hard to take care of? Though Bonsai trees are more delicate than the average indoor plant, a few basic rules should enable anyone to

take care of their tree properly. Pay particular attention to where you place it and how to water it properly. In this section of our website we explain the basic and advanced Bonsai care techniques.

Can I water my bonsai with tap water? If you keep your Bonsai indoors, you can place your tree in your kitchen sink and water the tree thoroughly, before placing it back. The best water you can use is rainwater because it doesn't contain any added chemicals, but when this is not readily available there is no problem in using normal tap water.

What should you not do with a bonsai tree? The most important rule is, never water on a routine. Ignore the label attached to your Bonsai tree which states you need to water every x amount of days. The best practice is to monitor your tree and its soil, and only water when it's needed. Please read the Watering and Fertilizing pages for detailed information.

What is the secret to growing bonsai trees? Besides watering, placement and repotting, fertilization is another important thing to keep in mind. Small pots with little space limit water and nutrient retention. Fertilizing regularly in the tree's growing season is key to make sure your tree stays healthy and thrives.

How often should I water a bonsai? Check your bonsai morning and evening to see if it needs watering. If the soil looks dark and feels wet then it will not require watering. Only when the soil looks light brown and feels BARELY damp will your bonsai require more water.

Can you put bonsai inside the house? They do not like extremely dry or arid conditions, and they want lots of sun. Tropical Bonsai may be kept on a sunny windowsill year-round. During the summer they love to be outside, but they will also do well indoors. The air inside the house is very dry, so the use of a pebble tray or frequent misting is important.

What to do when bonsai leaves falling off? If too little water is poured in midsummer, a bonsai plant can wilt after only a few hours on windy days outdoors. In many cases the leaves dry very quickly and fall off. Water the bonsai moderately in the next few weeks. If the tree is still alive, it will often recover again.

Do bonsai like full sun? Light intensity: Bonsai trees require bright, indirect sunlight to grow and develop properly. However, they can be sensitive to direct sunlight, especially during the hottest part of the day. Too much direct sunlight can cause the leaves to scorch and turn brown.

Do indoor Bonsai trees attract bugs? Just as children can catch a cold, your bonsai can get an insect infestation or a disease. A strong, healthy tree is less likely to be attacked by fungus, disease and pests.

What is the easiest indoor Bonsai tree for beginners? Ficus Bonsai - The Easiest Bonsai for both Indoor and Outdoor. The Ficus bonsai is the bonsai we recommend for beginners that are new to bonsai and do not have the time for regular waterings. Since the ficus is so resilient to underwatering, it makes it ideal for those that want a low maintenance tree.

Why is my indoor Bonsai dying? A bonsai tree can be sick due to various factors like damaged roots, root rot, over-watering or under-watering, sudden drop in temperature, pests, disease, overfeeding, infested soil and drought.

Should I submerge my bonsai tree? Immersion The level of water should be just above the surface of the soil. Leave the bonsai submerged for five minutes until the bubbles stop. We will dip bonsai in a container with water for five minutes, until we no longer see air bubbles. The water level must exceed the surface of the soil.

Why are the leaves turning yellow on my bonsai? Water that is hard or hard water will cause yellowing of the leaves. It will also cause the plant to lose its natural colour, as seen in the leaves. The first step should constantly be changing the type of water used to water the plant. This can change the colour of the leaves back to their natural green shade.

Is bottled water good for bonsai? The tap water is loaded with minerals and chemicals that can kill your bonsai plant. That's why you must use purified water that contains no chlorine or other chemicals. You can buy bottled water at your local grocery store, or you can collect rainwater in a rain barrel.

When to repot a bonsai? When to repot? The best time to repot a Bonsai is early in the spring, while trees are still dormant, and the buds begin to swell. At this stage

trees are not sustaining full-grown foliage, so the damaging effect of repotting will be minimized.

How do I keep my bonsai tree happy? Keep it moist but don't overwater. Castro also recommends misting your tree daily. While sufficient watering is key for a plant in such a small container, overwatering is one of the most common bonsai killers!

Can you use Miracle-Gro on Bonsai trees? Miracle Gro, a popular product familiar to many, is one example of a fertilizer designed to be applied in liquid form. Liquid products, including those formulated specifically for bonsai, enjoy popularity among hobbyists for feeding trees.

What is the disadvantage of bonsai tree?

What is the fastest growing plant to Bonsai? One effective way to make your bonsai grow faster is to choose a fast-growing tree species. You can select Chinese junipers, Japanese black pines, boxwood shrubs, jade plants, snowdrop trees, or maple trees, as these species can develop their roots, trunk and branches more quickly.

Why are bonsai trees so difficult? Pruning is what makes bonsai care challenging. Your bonsai will need pruning once a quarter to ensure growth and optimal health. Use bonsai clippers to remove dead branches and shape the leaf structure, but avoid using regular scissors.

How do you encourage a Bonsai to grow? You can prune your Bonsai aggressively for this purpose. This kind of severe pruning will stimulate back-budding deep inside the tree. These new buds will then develop into branches. You have the chance of picking new shoots to grow new branches positioned deep within the tree.

How do you keep a bonsai tree alive indoors?

How often do you water a bonsai tree? Pot size affects how much water the bonsai tree needs. You are aiming to keep the soil evenly moist all of the time. It's okay if the soil dries out a little bit between waterings but do not let it dry out completely. In hot, summer weather, it's likely that you'll need to water it every day.

How do I keep my bonsai tree happy? Keep it moist but don't overwater. Castro also recommends misting your tree daily. While sufficient watering is key for a plant in such a small container, overwatering is one of the most common bonsai killers!

What to do when bonsai leaves falling off? If too little water is poured in midsummer, a bonsai plant can wilt after only a few hours on windy days outdoors. In many cases the leaves dry very quickly and fall off. Water the bonsai moderately in the next few weeks. If the tree is still alive, it will often recover again.

Can I leave my bonsai without water for a week? If you forget to water your Bonsai and the soil dries out completely, the roots will quickly dry out and the tree will die. You'll know your roots are drying out when the soil is completely dry and the leaves start to wither and fall off, or if you have an evergreen, its foliage will slowly turn yellow.

Why is my indoor bonsai dying? A bonsai tree can be sick due to various factors like damaged roots, root rot, over-watering or under-watering, sudden drop in temperature, pests, disease, overfeeding, infested soil and drought.

Can I put my bonsai tree outside? All Bonsai love to be outside in the warmer months (May-September), though there are many species which can be kept indoors year-round. Remember that the more sunlight and warmth your Bonsai receives, the more often it will need water. Watering: Proper watering is essential to the health of your tree.

Should I spray my bonsai with water? Bonsai living in homes do not receive rain water nor dew and leaves are covered with dust. It is important to clean the leaves that are exposed to dust and to vitalize the trees that live in dry environments, spraying the leaves from time to time.

What does an overwatered bonsai tree look like? If the tips to the leaves on your bonsai go soft and black/brown this can indicate one of two problems: Your bonsai is suffering from over-watering.

Should you water bonsai from top or bottom? The bonsai are watered from above first, so that the humidity opens the pores of the soil. After a few minutes they are thoroughly watered again, until the water comes out of the drainage holes. The

tray that accompanies the indoor bonsai is used so that excess water does not drip on the furniture.

What is the easiest indoor Bonsai tree for beginners? Ficus Bonsai - The Easiest Bonsai for both Indoor and Outdoor. The Ficus bonsai is the bonsai we recommend for beginners that are new to bonsai and do not have the time for regular waterings. Since the ficus is so resilient to underwatering, it makes it ideal for those that want a low maintenance tree.

What is the secret to growing bonsai trees? Besides watering, placement and repotting, fertilization is another important thing to keep in mind. Small pots with little space limit water and nutrient retention. Fertilizing regularly in the tree's growing season is key to make sure your tree stays healthy and thrives.

Where to position a bonsai? During winter place your bonsai in the brightest place possible, trying to avoid hot objects like radiators and televisions. In summer time beware of hot south facing windows, a little sunlight morning or evening is beneficial, but too much and your bonsai could over heat.

Can you regrow dead bonsai?

How do I get my bonsai to grow new branches? Defoliation. Defoliation is a technique that involves removing leaves from the bonsai tree to encourage new growth. This process helps redirect the energy of the plant into producing new branches and foliage just like pruning branches does. It can also help improve the branching pattern of a tree.

What is the best fertilizer for bonsai? Using a high Phosphorous fertilizer like NPK 6:10:6 can help promote the flowering growth of a Bonsai tree. Using a fertilizer with a slightly lower Nitrogen content or reducing the amount of fertilizer used can be advantageous for older or more mature Bonsai.

¿Qué podemos aprender del liderazgo de Nehemías? Los líderes predicán con el ejemplo Nehemías es un ejemplo clásico de un líder que predica con el ejemplo. Lideró desde el frente y desde las trincheras trabajando junto a su gente. Nehemías era un alto funcionario en la casa del rey persa. Podría haber compartido su visión y luego enviar a otros a llevarla a cabo.

¿Qué es el liderazgo con propósito? El líder con propósito no solo busca el bien de la organización o empresa que lidera, sino que busca el impacto positivo de su equipo, de la comunidad que lo rodea, de las personas que directamente se vinculan con la organización, pero también de las que indirectamente se involucran.

¿Que enseña la Biblia sobre el liderazgo? Un líder ayuda a quienes se encuentran bajo su dirección a comprender la importancia del llamamiento que tengan. Dirigir no significa mandar indiscriminadamente; es, por el contrario, dar ayuda y dirección; es inspirar y alentar a aquellos a los cuales hemos dado responsabilidades. (Véase Mateo 23:11.)

¿Qué objetivo tiene el liderazgo? Su objetivo no es solo dar órdenes para llegar a una meta, sino generar el interés en perseguir fines compartidos. Si quieres fomentar el éxito en tu empresa, es necesario que sepas cómo liderarla, quiénes pueden desempeñar esta tarea y por qué es tan importante contar con buenas figuras de liderazgo.

¿Qué lecciones podemos aprender de Nehemías 1? Las dos lecciones importantes al comienzo del libro de Nehemías son i) que identifica la necesidad y ii) que busca a Dios en oración ya que Dios es el único que puede cambiar la situación. Discuta cuál es la necesidad en su comunidad y en su capilla/iglesia y luego busque a Dios en oración como lo hizo Nehemías.

¿Qué tipo de líder era Nehemías? Nehemías no se deja amedrentar por burlas, menosprecios y amenazas de los enemigos. Un hombre de carácter y que confía en Dios. Estaba acostumbrado a lidiar con problemas y en especial con las frustraciones y exigencias que implica trabajar con gente.

¿Qué es el liderazgo con propósito? El propósito en el liderazgo respalda mejores resultados individuales y organizacionales . El liderazgo impulsado por un propósito significa ayudar a los empleados a encontrar un significado personal en su trabajo y fomentar una fuerza laboral profundamente comprometida que prospere con metas y aspiraciones compartidas.

¿Qué significa "liderar con propósito"? Sólo podemos saber lo que entendemos y ser conscientes nos brinda más opciones para tomar las mejores decisiones en

una situación. El liderazgo consciente (con propósito) es, por tanto , liderar o guiar a otros con conciencia de las acciones y motivaciones propias y ajenas hacia un objetivo común .

¿Cuáles son las 5 P del liderazgo decidido? Decidir si alguien es un buen o un mal líder puede ser complicado y es por eso que la gente usa las 5P del liderazgo. Explore cómo utilizar las 5P del liderazgo (atributos personales, puesto, propósito, procedimiento/proceso y producto) para analizar el desempeño de un líder.

¿Qué enseña la Biblia sobre el liderazgo? En Mateo 20:25-28, Jesús les dice a sus discípulos que los líderes no deben ejercer autoridad sobre las personas . En cambio, quien quiera llegar a ser grande debe rebajarse a ser un siervo. Los líderes se dan cuenta de que servir a los demás es la única manera de liderar con un corazón puro, libre de orgullo y arrogancia.

¿Qué dijo Jesús del liderazgo? Jesús nos invita a liderar y servir como lo hizo él en esa última noche de su vida. Nos llama a servir no solo a quienes nos aman, sino también a quienes promueven sus propios planes, quienes nos decepcionan, nos niegan y nos abandonan, y quienes nos traicionan y lastiman.

¿Quién fue líder según la Biblia? Jesús es el modelo para todo líder. El tuvo mayor poder, sabiduría y visión que cualquier líder pudiera desear, pero su ministerio fue siempre uno de servicio y aliento a otros. Su enseñanza fue inspiradora y desafiante. Hay tanto que aprender del ejemplo de liderazgo de Jesús.

¿Qué tres lecciones de liderazgo aprendemos del libro de Nehemías? Otras técnicas de liderazgo que utilizó Nehemías fueron la adaptabilidad, la previsión, el aprovechamiento del poder y una gran perseverancia . Usando esas estrategias, Nehemías pudo presenciar el cumplimiento de su visión. Las murallas fueron restauradas en apenas cincuenta y dos días.

¿Cuál es el mensaje clave en Nehemías? El libro de Nehemías nos muestra el tipo de impacto significativo que un individuo puede tener en una nación . Nehemías sirvió en cargos seculares, usando su posición para devolver a los judíos el orden, la estabilidad y un enfoque adecuado en Dios. Dios usa todo tipo de personas en todo tipo de lugares haciendo todo tipo de trabajo.

¿Cuál es la moraleja de la historia de Nehemías? El líder de Dios no se desanima ante la adversidad . Nehemías escuchó pero persistió. Nehemías sabía que estaba “haciendo una gran obra” (6:3) y no podía bajar del muro para debatir con los enemigos. Nehemías persistió incluso cuando llegó la adversidad. El pueblo de Dios no puede darse por vencido cuando llega la adversidad.

¿Qué podemos aprender del liderazgo de Nehemías? La lección extraída de Nehemías 1:3 es simple pero muy significativa. Primer principio: La necesidad establece la misión. El verdadero líder puede ver lo que otros no ven. El verdadero líder es el que aprendió a desarrollar la habilidad de detectar las verdaderas necesidades.

¿Por qué Nehemías fue un líder exitoso? Otras técnicas de liderazgo que utilizó Nehemías fueron la adaptabilidad, la previsión, el aprovechamiento del poder y una gran perseverancia . Usando esas estrategias, Nehemías pudo presenciar el cumplimiento de su visión. las paredes fueron restauradas en apenas cincuenta y dos días. Nehemías ofrece una lección de liderazgo para todos.

¿Que nos enseña Nehemías 1? Al estudiar el libro de Nehemías, los alumnos verán un ejemplo de lo que significa liderar con rectitud y también aprenderán el valor de edificarse espiritualmente a sí mismos.

¿Qué enseñanza nos deja la historia de Nehemías? La historia de Nehemías También modela cómo una visión dada por Dios para una comunidad no se hará realidad sin que todos hagan su parte en su construcción. Dios llama a Nehemías de su puesto como alto funcionario del gobierno de un rey persa para ayudar a reconstruir la ciudad de Jerusalén.

¿Cuál es el mensaje principal de Nehemías? El libro de Nehemías nos muestra el tipo de impacto significativo que un individuo puede tener en una nación . Nehemías sirvió en cargos seculares, usando su posición para devolver a los judíos el orden, la estabilidad y un enfoque adecuado en Dios. Dios usa todo tipo de personas en todo tipo de lugares haciendo todo tipo de trabajo.

¿Qué puedo aprender de Nehemías? El libro de Nehemías muestra cuánto puede lograr Dios a través de la fidelidad y generosidad de los suyos. También demuestra

cómo afrontar los grandes desafíos a pesar de las dificultades y peligros aparentemente infranqueables.

¿Cuál es el carácter de Nehemías? Nehemías (floreció en el siglo V a. C.) fue un líder judío que supervisó la reconstrucción de Jerusalén a mediados del siglo V a. C. después de su liberación del cautiverio por parte del rey persa Artajerjes I. También instituyó amplias reformas morales y litúrgicas para volver a dedicar a los judíos a Yahvé.
