Unfolding the Napkin: A Hands-On Method for Solving Complex Problems with Simple Pictures

By Dan Roam, December 2009

What is the "Unfolding the Napkin" method?

The "Unfolding the Napkin" method is a visual problem-solving technique that uses simple drawings to break down complex problems into manageable chunks. It was developed by author and consultant Dan Roam, who published a book on the method in 2009.

How does the method work?

The method involves six steps:

1. **Draw the problem:** Sketch out the problem statement in a simple drawing.
2. **Identify the key elements:** Mark the main elements of the problem on the drawing.
3. **Find the connections:** Draw lines to show how the elements are related.
4. **Simplify the model:** Remove unnecessary details and focus on the essential elements.
5. **Generate solutions:** Use the drawing to explore different solutions to the problem.
6. **Take action:** Choose a solution and implement it.

What are the benefits of the method?

The "Unfolding the Napkin" method offers several benefits, including:

- **Improved understanding:** The drawings help to visualize the problem and make it easier to understand.
- **Enhanced communication:** The drawings can be used to communicate the problem and its solution to others.
- **Increased creativity:** The visual nature of the method encourages out-of-the-box thinking.
- **Greater efficiency:** The method can help to identify the root cause of a problem and develop effective solutions more quickly.

Who can use the method?

The "Unfolding the Napkin" method is suitable for people of all backgrounds and skill levels. It can be used by individuals, teams, and organizations to solve complex problems in a variety of settings, including business, education, and engineering.

How can I learn more about the method?

Roam's book, "Unfolding the Napkin: The Hands-On Method for Solving Complex Problems with Simple Pictures," provides a detailed guide to the method. The book includes numerous examples and exercises to help you apply the method to your own problems.
