What was the goal of the Freedom Riders CH-21? Lesson Summary. The Freedom Riders were a group of African American and white student activists whose goal was to challenge the 1960 Supreme Court decision to deem segregation of all forms unconstitutional.

What group of civil rights workers who took bus trips through southern states in 1961 to protest illegal bus segregation? Freedom Riders were civil rights activists who rode interstate buses into the segregated Southern United States in 1961 and subsequent years to challenge the non-enforcement of the United States Supreme Court decisions Morgan v.

How did Henry of Navarre restore order? Henry of Navarre ended the crisis and restored order in part through his pragmatic solution to the religious problems facing France. He was a Protestant who famously converted to Catholicism to end a civil war in a stalemate.

What splendid palace did Louis XIV resigned in? In 1682 he moved the royal Court to the Palace of Versailles, the defining symbol of his power and influence in Europe.

What is the main idea of Freedom Riders? During the spring of 1961, student activists from the Congress of Racial Equality (CORE) launched the Freedom Rides to challenge segregation on interstate buses and bus terminals.

How long were the Freedom Riders sentenced to jail for? MAY 24, 1961 Twenty-seven Freedom Riders, headed for New Orleans, were arrested as soon as they

arrived in the bus station in Jackson, Mississippi. Many of the riders were sentenced to two months inside Mississippi's worst prison, Parchman.

What happened to Rosa Parks after the bus? In the wake of the Montgomery Bus Boycott, Parks lost her tailoring job and received death threats. She and her family moved to Detroit, Michigan in 1957. However, she remained an active member of the NAACP and worked for Congressman John Conyers (1965-1988) helping the homeless find housing.

How much money did the bus companies lose during the Montgomery bus boycott? Montgomery City Lines lost between 30,000 and 40,000 bus fares each day during the boycott. The bus company that operated the city busing had suffered financially from the seven month long boycott and the city became desperate to end the boycott. Local police began to harass King and other MIA leaders.

How old was Rosa Parks on the bus? On December 1, 1955, during a typical evening rush hour in Montgomery, Alabama, a 42-year-old woman took a seat on the bus on her way home from the Montgomery Fair department store where she worked as a seamstress.

How many wives did Louis the 14th have? Louis XIV had two wives. He married Maria Theresa of Spain in 1660 and remained married to her until her death in 1683. His second wife was Francoise d'Aubigne, also known as the Marquise de Maintenon, whom he married in 1683.

What was the Freedom Riders goal? All had committed themselves to nonviolent resistance. Their goal was to challenge state laws that enforced segregation in transportation and call upon the federal government to enforce the recent Supreme Court Boynton v. Virginia ruling prohibiting the segregation of interstate travel.

What did the Freedom Riders aim for? The Freedom Riders aimed to draw attention to inadequacies in health and housing and to support Aboriginal people in challenging the status quo. The Freedom Riders adopted Martin Luther King's approach of non-violent resistance.

What was the goal of the Freedom Riders Quizlet? They wanted to end segregation on buses and public accommodations. The freedom riders went through training to prepare them for the violence they expected to encounter. Security and police were assigned to each bus terminal to prevent violence from breaking out.

What was the goal of the Freedom Riders in The Triumphs of a Crusade? The two-bus trip would test the Supreme Court decisions banning segregated seating on interstate bus routes and segregated facilities in bus terminals. Peck and other freedom riders hoped to provoke a violent reaction that would convince the Kennedy administration to enforce the law.

Introduction

Bjarne Stroustrup's "Programming: Principles and Practice Using C++" is a seminal work in the field of computer science. The book presents a comprehensive overview of the C++ programming language and its core concepts, with an emphasis on software design and engineering principles.

Questions and Answers

1. What is the main purpose of Stroustrup's book? Answer: To provide a thorough understanding of the C++ programming language and its principles, enabling readers to write efficient, maintainable, and portable code.

2. What are some of the key principles discussed in the book? Answer: The book covers principles such as object-oriented programming, data abstraction, encapsulation, software reuse, and the use of generic programming techniques.

3. How does the book approach the teaching of C++? Answer: Stroustrup uses a "learn by doing" approach, with numerous examples and exercises throughout the book. He emphasizes the importance of understanding the underlying concepts and principles behind the language.

4. What is the target audience for the book? Answer: The book is primarily intended for students and professionals who are interested in learning C++ or improving their programming skills. It is also a valuable resource for software engineers and developers looking to deepen their understanding of the language.

5. What are some of the benefits of using C++ for programming? Answer: C++ offers a wide range of benefits, including speed, efficiency, portability, and the ability to develop complex and sophisticated software systems. It is widely used in various application domains, such as operating systems, embedded systems, and scientific computing.
